

International M.Sc. Degree Program

NLP NATURAL LANGUAGE PROCESSING

Semester

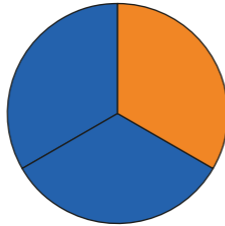

1

- Machine Learning
- Preparatory Courses
 - Computer Science
 - Linguistics
 - Statistics
 - Math

2

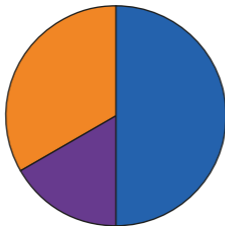

- Elective Modules
 - Linguistics
 - Data Analytics
 - Information Visualization
 - Semantic Technologies
 - selected university-wide courses

- Computational Text- and Media Science
- Natural Language Processing

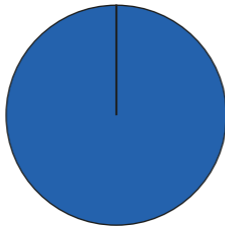

3

- Elective Modules
 - Digital Libraries
 - Digital Humanities
 - selected university-wide courses
- Elective Modules
 - Data Science
 - Artificial Intelligence
- Research Case Study

4

- Master's Thesis
