

Biotechnology M.Sc.

University places: 20

Offenburg University – MBT1

Biotechnological Processes from Lab to Market

- Biotechnological Processes from Lab to Market
- Biotechnological Processes from Lab to Market (lab)

Safety and Control in Biotechnology

- Regulatory affairs and Safety in Biotechnology
- Process Control Engineering

Bioeconomy

- Biotechnological conversion processes
- Renewable energy conversions (seminar + lab)
- Biobased Industries

Complementary subjects

- Bioperspectives and Bioethics
- Intercultural competences
- Language skills

University of Warmia and Masury – MBT2

Biorefineries

Biological Methods of Food
and Feed Preservation

Design Thinking

Bioproducts from Waste
Materials

Introduction to Food
Biotechnology

Electives Environmental
Biotechnology

Molecular Biology
Techniques in Biotechnology

Enzyme Technology and
Bioinformatics

Electives Food
Biotechnology

Environmental Biotechnology

Writing Scientific Papers
