Exchange students

The International Office provides an "Accommodation Service" that will help international exchange students find suitable accommodation for their stay.  
If students wish to register for housing offers from the Accommodation Service, they must indicate it on the online application form (Mobility Online: "Do you want to receive an offer for housing?"). The Accommodation Service will send further information via e-mail (February for the summer semester or July/August for the winter semester). Offers should be accepted or rejected within a few days.

The Accommodation Service only offers private accommodation off campus. Since Bremen has an excellent public transport system, the university can be reached in less than 30 minutes in most cases. The rooms and small apartments vary in location, size, etc. Therefore, the monthly rent varies from 300 to 550 EUR. Electricity, water and heating are usually included. Landlords usually ask for an additional deposit.

More information on dormitories or other accommodation on campus is listed on [this website](https://www.uni-bremen.de/en/universitaet/campus/housing/).
