Erasmus students

If you are coming to Saarbrücken as an exchange student within the Erasmus programme you are entitled to apply for a room via the International Office. After your official nomination, you will receive the application form for these rooms from the International Office's Erasmus team.

Application deadlines:
For the winter semester: 30 June
For the summer semester: 13 January

Please note: there is no guarantee for a room. If the number of applications exceeds the number of rooms available, the International Office will not be able to accommodate every student. If you receive notification that the IO is unable to offer you a room, you will need to look for suitable accommodation in the private sector housing market.
The rooms are assigned on a first come first served basis. Applications that are handed in after the deadline cannot be taken into account.

The rental contracts have fixed dates, this means, you have to rent them for the periods of time that are mentioned on the application, generally at least six months. Rooms in the dormitories of the Studentenwerk can only be rented for one semester (exceptions depend on the mobility programme). If you want to stay for two semesters or longer, it is recommended to look for a room on the private market.
