Living in a listed building: students of the environmental sciences favour this old farm not only because of its proximity to the university buildings in Haste. It was built in 1797 and today's area covers more than one hectare. Many old trees offer shade and shelter on this property which is surrounded by an old quarry stone wall.

Location: It is located in proximity to the city in a picturesque surrounding, and it has a small pond nearby.

Distances: To the University/Castle: 3.6 km, to the HS-Westerberg: 5.1 km, to the HS-Haste: 4.4 km.
