Overview

Objective

The scholarship programme "Leadership for Africa" (LfA) aims to support the academic qualification and advancement of young refugees and national scholars from Kenya, Tanzania, Ethiopia and South Sudan at higher education institutions in Germany. "Leadership for Africa" offers scholarships for studies in Germany to qualified applicants in all fields of study **with the exception of public health, medicine, veterinary medicine, dentistry, law, the arts and architecture**. All "Leadership for Africa" scholarship holders benefit from a complementary study programme in good governance, civil society and sustainable project management. The mandatory programme with several attendance phases each year has to be completed in addition to the regular studies.

The duration of funding is determined by the standard period of study of the chosen program. In general, Master's programs require two years of full-time study.

- Accompanying study programme
- Monthly scholarship rate payments of 861 EURO
- Adequate health, accident and private/personal liability insurance in Germany

Selection

A pre-selection will take place based on the submitted application documents. Preselected candidates will be invited to an interview with an independent selection committee of university professors in Ethiopia, Kenya, South Sudan or Tanzania.

Please note: Preselected candidates must present originals of all previously submitted documents at the interview.

In addition to previous achievements in school and university, language skills and the general motivation, the main selection criterion is a convincing description of the planned studies in Germany. Equally important will be a reflected answer how the chosen academic field can contribute to the further development of the home country.

As a general rule the candidate's personal appearance for an interview is a requirement for the award of the scholarship. The journey to the place of the interview is at the candidate's own risk. Travel costs have to be covered by the applicant.

Due to the ongoing Covid19-pandemic the DAAD will make an exception to the rule and substitute the personal appearance in 2021 with an interview exclusively held online via video conference.
