

Munich Aerospace: PhD Scholarships

Overview

Programme Description

The Munich Aerospace e.V. Bavarian Research Network was initiated in 2010 to combine key expertise in the field of aerospace and to act as a centre of research, development and training.

The Munich Aerospace unites 4 entities under one institutional roof: the TUM (Technical University Munich), the UniBwM (University of the German Armed Forces Munich), the DLR (German Aerospace Center) with its Oberpfaffenhofen institutes, and the BHL, the Bauhaus Luftfahrt. This pooling of research, graduate programmes and teaching merges regional excellence with the aim to trigger synergies.

The PhD scholarships by Munich Aerospace are designed to allow junior scientists to fully focus on their research work and obtain their degrees in a timely manner. Research topics are proposed and publicly advertised by the Munich Aerospace Research Groups. Being integral part of a recognised Research Group and at the same time attending in the in-house graduate school gives scholars the opportunity for networking in their own subjects as well as across disciplines.

Target Group

The scholarships are intended for university graduates who wish to obtain a doctoral degree in aeronautics at the Technical University of Munich or the University of the German Armed Forces Munich.

Academic Requirements

- degree in a subject related to aerospace technology with a final grade of "good" or better
- fulfilling the requirements for admission to a doctorate at the TUM or UniBwM, respectively
- No more than 3 years must have elapsed between the date on the university degree certificate and application for the scholarship.

Duration

The scholarship is granted for 12 months at least and up to 3 years at most.

Scholarship Value

Scholarship funding is available in an amount of 1,575 EUR per month.

Application Papers

Please apply for open calls only. You will find the calls for application on our website, on LinkedIn, Twitter or Facebook.

Documentation required for application:

- scholarship motivation letter on the chosen topic
- CV
- 2 recent letters of recommendation
- certified copies of the relevant degree certificates

Please e-mail your application to [stipendien\[at\]munich-aerospace.de](mailto:stipendien[at]munich-aerospace.de) addressing the contact person given in the call.

You will find application forms and further information on the application procedure [here \[https://www.munich-aerospace.de/en/scholarships/programme\]](https://www.munich-aerospace.de/en/scholarships/programme).
