

Study Scholarships - Postgraduate Studies in the Field of Architecture • DAAD

Overview

Objective

DAAD scholarships offer graduates the opportunity to continue their education in Germany with a postgraduate or continuing course of study. The scholarships also promote the exchange of experience and networking amongst colleagues.

Who can apply?

Foreign applicants who have gained a first university degree in the areas of Architecture, Interior Design, Monument Conservation, Urban Planning/Urban Development, Landscape Architecture, Landscape Planning at the latest by the time they commence their scholarship-supported study programme.

What can be funded?

In this study programme, you can complete

- a Master's degree/postgraduate degree leading to a final qualification, or
- a complementary course that does not lead to a final qualification (not an undergraduate course)

at a state or state-recognised German university of your choice.

This programme only funds **projects in the area of Design/Projects**.

When selecting the desired degree programmes, care must be taken that they provide a minimum number of CP (credit points according to the European Credit Transfer System/ECTS) for the area of Design/Projects.

This means for degree programmes with

- 120 CP at least 45 CP
- 90 CP at least 34 CP
- 60 CP at least 23 CP.

DAAD scholarships cannot be used for participation in degree programmes which do not meet this requirement. Information on the quantitative distribution of CP can be found in the module overview of the degree programmes in the respective internet presentation.

Other DAAD scholarship programmes are available for applicants from the field of History of Architecture or applicants with a scientific project.

Duration of the funding

Master's degree programme:

- Between 10 and 24 months depending on the length of the chosen study programme or project
- Start: usually from 1st October of the following year after the application, or earlier if a German language course is taken prior to the

study programme

- The scholarships are awarded for the duration of the standard period of study for the chosen study programme (up to a maximum of 24 months). In the case of 2-year courses, further funding is provided after the first year of study, if your academic achievements thus far indicate that you will successfully complete the study programme within a reasonable period of time.
- Applicants who are already in Germany in the first year of a postgraduate course at the time of application may apply for funding for their second year of study. In this case, it is not possible to extend the scholarship.

Complementary studies not leading to a final qualification

- one academic year
- Start: usually from 1st October of the following year after the application, or earlier if a German language course is taken prior to the study programme

Value

- A monthly payment of 861 euros
- [Travel allowance \[https://static.daad.de/media/daad_de/pdfs_nicht_barrierefrei/im-ausland-studieren-forschen-lehren/daad_reisekostenzuschuesse_stipendiaten.pdf\]](https://static.daad.de/media/daad_de/pdfs_nicht_barrierefrei/im-ausland-studieren-forschen-lehren/daad_reisekostenzuschuesse_stipendiaten.pdf)
- One-off study allowance
- Payments towards health, accident and personal liability insurance cover

Under certain circumstances, scholarship holders may receive the following additional benefits:

- Monthly rent subsidy
- Monthly allowance for accompanying members of family
- In the case of a disability or chronic illness: subsidy for additional costs which result from the disability or chronic illness and are not covered by other funding providers: [Further information \[https://www.daad.de/en/the-daad/mobility-with-a-disability/\]](https://www.daad.de/en/the-daad/mobility-with-a-disability/).

To enable scholarship holders to learn German in preparation for their stay in the country, DAAD offers the following services:

- Payment of course fees for an online language course after receipt of the Scholarship Award Letter
- if necessary: German language course (2, 4 or 6 months) before the start of the study visit in Germany; the DAAD decides whether to fund participation and for how long depending on German language skills and project. Participation in a German language course is compulsory if the language of instruction or working language is German at the German host institution. **Due to the pandemic, German courses may take place online.**
- Allowance for a personally chosen German language course during the scholarship period
- Reimbursement of the fees for the TestDaF test which has either been taken in the home country after receipt of the Scholarship Award Letter or in Germany before the end of the funding period.
- As an alternative to the TestDaF for scholarship holders who have taken a language course beforehand: the fee for a DSH examination taken during the scholarship period may be reimbursed.

Selection

After you have uploaded your application documents to the DAAD portal, the DAAD will first carry out a formal check. It will be checked whether the application requirements have been met and whether the application is complete. If this is the case, you will be asked to submit your work samples.

A special DAAD committee made up of professors from German universities makes the final decision about scholarships in the field of architecture. The decision is based upon written applications and work samples which have to be submitted (see: www.daad.de/extrainfo [<http://www.daad.de/extrainfo>]).

Selection criteria

- the artistic qualification and artistic maturity, measured by study achievements and work samples

- the quality of the project as measured by the study plan and the letter of motivation

- the quality of the project as measured by the study plan and the letter of motivation

Further information

Admission to the University

Confirmation of a scholarship does not automatically guarantee admission to one of the host universities. The respective university decides whether or not to offer scholarship holders a place. In most cases, applicants are required to take an entrance examination. Please find out in time about admission requirements (see also the following information under "Language skills") and application deadlines and interview dates at your chosen university, and bear in mind that these may be several months before the planned start of your studies or even before the DAAD awards the scholarship. We cannot cover the costs of the entrance examination. If an applicant is offered a scholarship by the DAAD but fails to be admitted to any of the universities indicated in the application, he/she may not make use of the scholarship that has already been awarded.

Application requirements

What requirements must be met?

- As a rule, your university degree should not date back more than 6 years at the time of the application deadline.
- Your application cannot be considered, if you have been resident in Germany for longer than 15 months at the application deadline.
- If you are enrolled in a Master or postgraduate degree programme which includes a study period abroad, funding for this period abroad is usually only possible under the following conditions:
 - The study visit is essential for achievement of the scholarship objective, the visit does not take place in the home country, and it is no longer than a quarter of the scholarship period. Longer periods cannot be funded, even partially.

Language skills

Applicants in the field of architecture should have a knowledge of the language of instruction that corresponds to the requirements of the chosen university at the latest by the time they start their scholarship. If you do not yet have the language skills required by the university at the time of your scholarship application, your application should indicate the extent to which you are in a position to reach the required level. Please enquire at the universities that come into question for you whether the required language skills must already be proven with the application for admission to the desired degree programme.

Support offer German language skills

If it is possible, you can also make use of the DAAD support offers listed under "Value" to improve your language skills.

Application Procedure

Application documents

Certificates (school leaving certificates are not necessary), proof of credits, certifications and translations may be scanned in non-certified form and uploaded to the DAAD portal. The DAAD reserves the right to request certified copies of the documents.

1. Documents to be uploaded to the DAAD portal:

- Online application form
- Full curriculum vitae in tabular form
- Statement about academic and personal reasons for the planned study project in Germany (letter of motivation; 1 - 3 pages). Please read our [important information for scholarship applicants / Section B, point 1 \[https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/\]](https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/).

Master's degree programme/postgraduate study programme leading to a final qualification:

- Form "[Information about your preferred master programmes](https://www2.daad.de/medien/deutschland/stipendien/formulare/a206_studiengangsinfo-information_about_the_study_programme.docx)" [https://www2.daad.de/medien/deutschland/stipendien/formulare/a206_studiengangsinfo-information_about_the_study_programme.docx]. Please also complete and upload this form, if you have already been admitted to the desired degree programme or if you are applying for the scholarship for the 2nd year of the Master's programme.

- If available, letter of acceptance from the host university.
If you do not have a letter of acceptance at the time of application, you must apply to the university for this in good time and subsequently submit the confirmation letter before the scholarship-supported study programme begins. Please note that you yourself are responsible for ensuring that you apply for admission at the host university by the due date and that a Scholarship Award Letter from the DAAD only becomes valid if you are admitted to one of the desired host universities specified in your application.

Complementary studies not leading to a final qualification:

- Confirmation of supervision from a German university teacher

Also for all applicants:

- A current Transcript of Records with individual grade(s), incl. explanation of grading system
- University degree certificate indicating final grade(s): the certificate must be subsequently submitted before the scholarship-supported study programme begins if studies have not been completed at the time of application.
- German or English translations of all documents submitted in the national language.
- A list of the designs/plans, which are going to be uploaded in the DAAD media database (see: www.daad.de/extrainfo [<https://www.daad.de/extrainfo>]) with detailed information (size, date of creation, place, etc.)
- A [declaration](https://www2.daad.de/medien/deutschland/stipendien/formulare/declaration_formular.docx) [https://www2.daad.de/medien/deutschland/stipendien/formulare/declaration_formular.docx] (form) that the designs/plans have been produced or created by you.
- For German-language degree programmes, proof of German language skills according to the European Framework of Reference or TestDaF at the level of a completed B1 must be submitted.
- Proof of English language proficiency according to the requirements of chosen study programmes in English (e.g. TOEFL, IELTS).
- **The respective language certificate should be no more than two years old.**
- Other documents you think might be of relevance to your application (e.g. certificates of employment, proof of placements).

Please do not upload any work samples and/or portfolios to the DAAD portal!

Current note: In the absolute exception, if you are unable to submit a language certificate due to Corona (e.g. due to the closure of universities or language test centres and if no digital language test is possible either), please upload an appropriate justification with a self-assessment of your current language level according to the [CEFR](https://www.daad.de/en/study-and-research-in-germany/plan-your-studies/cefr/) [<https://www.daad.de/en/study-and-research-in-germany/plan-your-studies/cefr/>] instead of the missing document (tips for self-assessment of your language skills can be found [here, under section A, point 8](https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/) [<https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/>]).

In these cases, the absence of a language certificate does not lead to a formal rejection of your scholarship application by the DAAD. However, submitted language certificates are included in the assessment. If you acquire language certificates after the application deadline, please submit them later.

Please note that you will still need proof of language proficiency in order to apply for a place at a German higher education institution and thus to be able to take up the scholarship.

2. Submitting work samples to the DAAD media database:

- If the review of your scholarship application shows that it meets the criteria of the scholarship announcement and is complete, you will receive a link to upload your work samples to the DAAD media database by **29 October** at the latest. When you receive the link, please upload the work samples to the media database by **7 November** CET at the latest.
- For formal requirements, read: "Additional Information for DAAD Study Scholarships in the Field of Architecture" at: www.daad.de/extrainfo [<https://www.daad.de/extrainfo>].

3. To be submitted by post

- one recent reference from a university teacher providing information about your qualifications (hand-signed, no digital or scanned signature). Please regard the instructions given on the tab "Submitting an application".

All application documents listed under 1., 2. and 3. must be submitted in German or English. Documents in other languages must be translated.

Current information on application deadlines until 31.12.2021: Due to the current pandemic situation, applications can be submitted without an application reference. The absence of a reference does not lead to a formal rejection of your application. Submitted references are included in the assessment. We therefore recommend, if possible due to the pandemic, submitting references with the application.

The application procedure occurs online through the DAAD portal. Another component of the application are work samples (see application documents, point 2, "Submitting work samples to the DAAD media database").

Please note that the access to the application portal only appears while the current application period is running. After the application deadline has expired, the portal for this programme is not available until the next application period.

The access to the DAAD portal generally opens about 6 weeks before the application deadline at the latest.

To apply, please select the call for applications for this programme in the scholarship database (www.funding-guide.de). From here, you can enter the portal by clicking the tab "Submitting an application".

Application deadline

Application deadlines are updated at least once a year. In most cases, they are in the same period as the previous year. You can find the current dates here:

30.09.2021

Application location

DAAD
Referat ST31
Kennedyallee 50
D-53175 Bonn
Germany

Please note

- Your application is only valid if you submit all the required documents to the DAAD portal (see Item 1), to the DAAD media database (see Item 2) and by post (see Item 3). The postmark date serves as proof that the application has been dispatched on time.
- The DAAD portal closes at 24.00 hrs. (CET or CEST) on the last application day.
- Late or incomplete applications cannot be considered. You are responsible for ensuring that your application is complete.
- The application documents remain with the DAAD. Your personal data is saved by the DAAD in accordance with the Federal Data Protection Act and with the EU Data Protection Regulation insofar as this data is needed to process the application.
