

Study Scholarships - Postgraduate Studies in the Field of Music • DAAD

Overview

Objective

DAAD scholarships offer graduates the opportunity to continue their education in Germany with a postgraduate or continuing course of study. The scholarships also promote the exchange of experience and networking amongst colleagues.

Who can apply?

Foreign applicants who have gained a first university degree in the field of Music at the latest by the time they commence their scholarship-supported study programme; if this is not possible, you should have at least exhausted all the training options available for your instrument in your country of origin.

What can be funded?

In this study programme, you can complete

- a Master's degree/postgraduate degree leading to a final qualification, or
- a complementary course that does not lead to a final qualification (not an undergraduate course)

at a state German college of music of your choice.

Postgraduate studies are possible in the so-called 2nd cycle (usually a four-semester Master's degree) or a 3rd cycle which usually takes place in two semesters (concert examination, masterclass or PhD in an artistic subject).

This programme only funds projects in the artistic field. Other DAAD scholarship programmes are available for applicants from the field of musicology or music education or musicians with a scientific project.

Duration of the funding

Degree programme:

- Funding is provided for Master's studies, preparation for the concert exam and participation in master classes.
- The scholarships are awarded for the duration of the level of training for the chosen study programme (between 10 and 24 months). In the case of 2-year courses, further funding is provided after the first year of study, if your academic achievements thus far indicate that you will successfully complete the study programme within a reasonable period of time.
- Applicants who are already in Germany in the first year of a postgraduate course at the time of application may apply for funding for their second year of study.
- An extension of the scholarship beyond the maximum duration of 24 months is only possible if changing to a new stage in studies is intended (usually from a Master's degree to an advanced programme of study such as a concert exam or master class). For particularly qualified candidates, it is possible to apply for an extension for a concert exam for up to 24 months.
- Start: usually from 1st October of the following year, or earlier if a German language course is taken prior to the study programme

Complementary studies not leading to a final qualification:

- One academic year is being funded. In individual cases, the scholarship can be extended on request
- Start: usually on 1st October of the following year, or earlier if a German language course is taken prior to the study programme

Selection

A special DAAD committee made up of professors from German colleges of music makes the final decision about scholarships in the field of music. The decision is based upon written applications and sound recordings which have to be submitted (see: www.daad.de/extrainfo [<http://www.daad.de/extrainfo>]).

Selection criteria

- the artistic qualification and artistic maturity, measured by study achievements and work samples
- the quality of the project as measured by the study plan and the letter of motivation; the quality of the project includes the following aspects: the justification of the application, the plausibility and feasibility of the project, the state of preparation of the stay abroad, the embedding of the stay in the artistic career as well as the connection with professional perspectives

Further information

Confirmation of a scholarship does not automatically guarantee admission to one of the colleges of music named in the application. The respective college of music decides whether or not to offer scholarship holders a place. In most cases, applicants are required to take an entrance examination. Please find out in time about admission requirements and application deadlines and interview dates at your chosen college of music, and bear in mind that these may be several months before the planned start of your studies or even before the DAAD awards the scholarship. We cannot cover the costs of the entrance examination. If an applicant is offered a scholarship by the DAAD but fails to be admitted to a university, he/she may not make use of the scholarship that has already been awarded.

Application requirements

What requirements must be met?

- As a rule, your university degree should not date back more than 6 years at the time of the application deadline.
- The respective college of music is responsible for deciding age limits for admission, whereby differing rules may be applied depending on the applicant's academic level and chosen subject.
- Your application cannot be considered, if you have been resident in Germany for longer than 15 months at the application deadline.

- If you are enrolled in a Master's or postgraduate degree programme which includes a study period abroad, funding for this period abroad is usually only possible under the following conditions:
The study visit is essential for achievement of the scholarship objective, the visit does not take place in the home country, and it is no longer than a quarter of the scholarship period. Longer periods cannot be funded, even partially.

Language skills

Applicants in the field of music should have a knowledge of the language of instruction that corresponds to the requirements of the chosen university at the latest by the time they start their scholarship. If you do not yet have the language skills required by the university at the time of your application, your application should indicate the extent to which you are in a position to reach the required level. After you have been awarded a scholarship, take advantage of the funding opportunities described under "Value".

Application Procedure

Application documents

The application is submitted in two steps:

1. submission of the application documents
2. submission of work samples

1. Submission of the application documents

The application documents are submitted online via the DAAD portal.

Please note that the access to the application portal only appears while the current application period is running. After the application deadline has expired, the portal for this programme is not available until the next application period.

The access to the DAAD portal generally opens about 6 weeks before the application deadline at the latest.

Certificates, proof of credits, certifications and translations may be scanned in non-certified form and uploaded to the DAAD portal. The DAAD reserves the right to request certified copies of the documents.

1. Documents to be uploaded to the DAAD portal:

- Online application form
- Full curriculum vitae in tabular form
- Statement about academic and personal reasons for the planned study project in Germany (letter of motivation; 1 - 3 pages). Please read our [important information for scholarship applicants / Section A, point 1 \[https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/\]](https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/).

Master's degree/postgraduate study programme leading to a final qualification:

- If available: Letter of acceptance from the host university
- If you do not have a letter of acceptance at the time of application, you must apply to the university for this in good time and subsequently submit the confirmation letter before the scholarship-supported study programme begins. Please note that you yourself are responsible for ensuring that you apply for admission at the host university by the due date and that a Scholarship Award Letter from the DAAD only becomes valid if you are admitted to your chosen host university.
- If possible, confirmation of supervision from a university teacher

Further training that does not lead to a final qualification:

- Confirmation of supervision from a German university teacher

Also for all applicants:

- A current Transcript of Records with individual grade(s), incl. explanation of grading system
- University degree certificate indicating final grade(s): the certificate must be subsequently submitted before the scholarship-supported study programme begins if studies have not been completed at the time of application.

- German or English translations of documents submitted in the national language
- Proof of knowledge of the language of instruction (German or English). The language certificate should be no more than two years old.
- Form with an overview of recorded pieces: www.daad.de/extrainfo [<https://www.daad.de/en/study-and-research-in-germany/scholarships/scholarship-database/additional-information-music/>] ("Information about the audio/video files").

Please do not upload any samples of your work in the DAAD portal.

Current note: In the absolute exception, if you are unable to submit a language certificate due to Corona (e.g. due to the closure of universities or language test centres and if no digital language test is possible either), please upload an appropriate justification with a self-assessment of your current language level according to the [CEFR](https://www.daad.de/en/study-and-research-in-germany/plan-your-studies/cefr/) [<https://www.daad.de/en/study-and-research-in-germany/plan-your-studies/cefr/>] instead of the missing document (tips for self-assessment of your language skills can be found [here, under section A, point 8](https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/) [<https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/>].)

In these cases, the absence of a language certificate does not lead to a formal rejection of your scholarship application by the DAAD. However, submitted language certificates are included in the assessment. If you acquire language certificates after the application deadline, please submit them later.

Please note that you will still need proof of language proficiency in order to apply for a place at a German higher education institution and thus to be able to take up the scholarship.

2. Work samples to be submitted to the Media Database Canto:

One to two weeks after submitting your application documents via the DAAD Portal, you will receive a link to upload your work samples into the protected area of the DAAD media database. Please upload the work samples promptly (within two weeks of receiving the link) into the media database.

The audio/video files to be uploaded must conform to one of the following formats:

Audio files: mp3, wav, video files: mp4

For formal requirements, read: "Additional Information for DAAD Study Scholarships in the Field of Music" at: www.daad.de/extrainfo [<https://www.daad.de/en/study-and-research-in-germany/scholarships/scholarship-database/additional-information-music/>].
