

Research Grants – Doctoral Programmes in Germany • DAAD

Overview

Objective

The aim of this grant programme is to support doctoral projects in Germany.

Who can apply?

Excellent-qualified young academics and scientists who have completed a Master's degree or Diplom, or in exceptional cases a Bachelor's degree at the latest by the time they begin their grant-supported research.

What can be funded?

Doctoral programmes at a state or state-recognised institution of higher education or a non-university research institute in Germany:

- individual projects under the supervision of a university teacher or academic adviser
or
- participation in a structured doctoral study programme

Duration of the funding

- a maximum of four years; the length of the grant is decided by a selection committee and depends on the project in question and the applicant's work schedule.
- Grants are initially awarded for a maximum of one year. Extensions depend on whether the selection committee considers the previous award period to have been successfully completed.
- For doctoral projects in Germany that require several years of research, research phases outside Germany can be supported if these are critical for the successful completion of the doctoral degree. Planned stays must be specified in the application in the work and time schedule and should not exceed a quarter of the anticipated total funding period.

Value

- Depending on academic level, monthly payments of:
euros 861.- for graduates,
euros 1,200.- for doctoral candidates
- Payments towards health, accident and personal liability insurance cover
- [Travel allowance \[https://static.daad.de/media/daad_de/pdfs_nicht_barrierefrei/im-ausland-studieren-forschen-lehren/daad_reisekostenzuschuesse_stipendiaten.pdf\]](https://static.daad.de/media/daad_de/pdfs_nicht_barrierefrei/im-ausland-studieren-forschen-lehren/daad_reisekostenzuschuesse_stipendiaten.pdf)
- annual research allowance

Under certain circumstances, grant holders may receive the following additional benefits:

- monthly rent subsidy
- monthly allowance for accompanying family members
- In the case of a disability or chronic illness: subsidy for additional costs which result from the disability or chronic illness and are not covered by other funding providers: [Further information \[https://www.daad.de/en/the-daad/mobility-with-a-disability/\]](https://www.daad.de/en/the-daad/mobility-with-a-disability/)

To enable grant holders to improve their language skills in preparation for their stay in Germany, DAAD offers the following services:

- Payment of course fees for an online language course after receipt of the Scholarship Award Letter

- if necessary: Language course (2, 4 or 6 months) before the start of the research stay in Germany; the DAAD decides whether to fund the grant holder's participation and for how long depending on language skills and project. If a language course scholarship is granted and the working language at the host institute is German, participation is compulsory. **Due to the pandemic, German courses may take place online.**
- Allowance for a personally chosen German language course during the grant period
- Reimbursement of the fees for the TestDaF or DSH test which has either been taken in the home country after receipt of the Scholarship Award Letter or in Germany before the end of the funding period

Selection

An independent selection committee consisting of specialist scientists reviews applications.

Central selection criteria are:

- a convincing and well-planned research or training project
- academic achievements

Furthermore, additional documents submitted that prove the applicant's professional aptitude or provide information about extracurricular commitment will also be included in the evaluation.

In addition, in order to ensure equal opportunities, the selection committee may take into account special life circumstances, about which you can provide information in the application form.

our [Important Scholarship Information / section B, point 2](https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/) [<https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/>].

##LBHUNTERLAGEN##

Current note: If a language certificate is part of the application documents, please note the following: In the absolute exception, if you are unable to submit a language certificate due to Corona (e.g. due to the closure of universities or language test centres and if no digital language test is possible either), please upload an appropriate justification with a self-assessment of your current language level according to the [CEFR](https://www.daad.de/en/study-and-research-in-germany/plan-your-studies/cefr/) [<https://www.daad.de/en/study-and-research-in-germany/plan-your-studies/cefr/>] instead of the missing document (tips for self-assessment of your language skills can be found [here, under section A, point 8](https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/) [<https://www.daad.de/en/study-and-research-in-germany/scholarships/important-information-for-scholarship-applicants/>]).

In these cases, the absence of a language certificate does not lead to a formal rejection of your scholarship application by the DAAD. However, submitted language certificates are included in the assessment. If you acquire language certificates after the application deadline, please submit them later.

Please note that you will still need proof of language proficiency in order to apply for a place at a German higher education institution and thus to be able to take up the scholarship.
