| Combined Master's degree / PhD programme | No              |
| Joint degree / double degree programme | No               |
| Description/content | The contents of the practically-oriented "Master of Architectural Lighting Design" programme is based on two main areas, daylight planning and the planning of artificial light, with human well-being as its focal point. The goal is the conscious integration of lighting design in the creation of the architecture in which we live. |

Course Details

| Course organisation | The first phase of the programme focuses on fundamental technical, physical and design principles. The second phase of the programme concentrates on practical work as preparation for |
later professional activities as well as enhancing the students' technical skills. At the end of the programme, students are required to submit a Master’s thesis, which they must research and complete within ten weeks.

### Types of assessment

- Practical projects, written and oral exams

### A Diploma supplement will be issued

- Yes

### Integrated internships

- The third semester is called the "out of college" semester. That means that the contents of the course of study will be undertaken by the students together with a "practice partner". Programme advisers will assist students in finding an appropriate practice partner. Alternatively, students can study at a foreign university.

### Course-specific, integrated German language courses

- Yes

### Course-specific, integrated English language courses

- Yes

### Costs / Funding

- **Tuition fees per semester in EUR**
  - None

- **Semester contribution**
  - 72 EUR

- **Costs of living**
  - 600 - 800 EUR per month
  - 250 EUR for accommodation in a dormitory

- **Funding opportunities within the university**
  - No

### Requirements / Registration

#### Academic admission requirements

- Bachelor’s degree in architecture, electrical engineering, design or interior design

You can apply for our Master’s Degree Programme in Architectural Lighting Design if you have a Bachelor’s degree or a German "Diplom" in architecture, interior design, design, or a related course of study with a GPA of at least 2.5 or better (according to German grading system). You can find more information about the application requirements as well as the PDF with FAQ here:

#### Language requirements

- As proof of your language skills, you have to provide a TOEFL 550 or IELTS 6.0 certificate.

#### Application deadline

- 1 May for overseas applicants
- 15 July for EU applicants
Submit application to  
Hochschule Wismar  
International Office  
Haus 21  
PF 1210  
23952 Wismar  
Germany
