## Textile Engineering

RWTH Aachen University • Aachen

## Overview

Degree	Master of Science (RWTH Aachen University)
Teaching language	<ul style="list-style-type: none"><li>• German</li><li>• English</li></ul>
Languages	<p>The courses in your first semester will all be taught in English.</p> <p>There will be two compulsory courses taught in German in your second semester. You will be thoroughly prepared for this by means of a German language course running throughout your programme, ensuring that you reach a good working level of German by the time you graduate.</p> <p>You will be able to choose from a wide range of electives, some taught in English and others in German.</p>
Full-time / part-time	<ul style="list-style-type: none"><li>• full-time</li></ul>
Programme duration	4 semesters
Beginning	Winter semester
Application deadline	<p>Non-EU applicants (applicants who have citizenship of a country outside EU/EEA): 2 December to 1 March</p> <p>EU applicants (applicants who have citizenship of an EU/EEA country, are currently enrolled at RWTH Aachen or hold a German university degree): 2 December to 15 July</p> <p><b>Apply by 15 January (non-EU) / 15 April (EU) to benefit from a 10% early bird discount on the tuition fees!</b></p>
Tuition fees per semester in EUR	6,000 EUR
Additional information on tuition fees	24,000 EUR in total for four semesters
Combined Master's degree /	No

## PhD programme

Joint degree / double degree programme No

### Description/content

The MSc Textile Engineering (MSc Textile) provides advanced and specialised methodological, process and technological knowledge in the field of textile mechanical engineering. In this very unique programme you will focus on the development of fibres, yarns and textiles of all kinds as well as the construction of new textile machines. Moreover, you will get excellent knowledge in immersing fields, such as textile-reinforced concrete, medical smart textiles and implants or bio-based fabrics. Become an expert in fabrics manufacturing and master spinning, weaving, knitting/warp knitting and braiding and support a sustainable production.

#### Your studies – your choice: choose a study track

To equip you with the specialisation you need for your individual career path, we offer two study tracks in the MSc Textile:

##### Coursework Track

Choosing this study track, you will prepare for a career in the industry by:

- acquiring industry-specific knowledge and methods
- gaining specialised knowledge of the practical application of textile technology
- having a critical understanding about current developments in fibre technology

##### Research Track

Choosing this study track, you will complete two research projects and:

- perform complex experimental methods
- conduct your own empirical research on interdisciplinary questions
- acquire scientific methodological skills and learn independent scientific working

## Course Details

### Course organisation

The MSc Textile consists of:

- engineering compulsories
- track-specific elective courses
- language courses
- an internship
- a research project, which prepares you for your Master's thesis and allows you to participate in current research at RWTH
- the Master's thesis, which can be written internally with an institute or externally with a company

Get a detailed overview of the programme structure on our [MSc Textile website](#).

### International elements

- Integrated study abroad unit(s)

### Integrated study abroad unit(s)

The programme takes place in Aachen (Germany). The study-integrated internship and/or one of the scientific projects (research project or Master's thesis) can be completed in other countries.

### Integrated internships

A compulsory industrial internship of 12 weeks is part of the MSc Textile and gives you the opportunity to gain further practical experience in the industry.

Course-specific, integrated German language courses Yes

Course-specific, integrated English language courses No

## Costs / Funding

Tuition fees per semester in EUR 6,000 EUR

Additional information on tuition fees 24,000 EUR in total for four semesters

**Semester contribution** The RWTH Aachen University's semester fee of approx. 300 EUR is a student body and social contribution fee that every student must pay each semester in order to stay enrolled as an active student. It includes, among other benefits, a "semester ticket" covering public transport in the federal state of North Rhine-Westphalia in Germany as well as the region of South Limburg in the Netherlands.

**Costs of living** The average cost of living, including food, accommodation, personal and social expenses, and study-related costs, is estimated to be at least 900 to 1,000 EUR per month.

Funding opportunities within the university Yes

**Description of the above-mentioned funding opportunities within the university**

**Women in Engineering Scholarship:** This scholarship was created to enable for more qualified female engineering students to pursue a Master's degree programme. The scholarship can grant admitted students a reduction of up to 25% of the tuition fees.

**High Potential Student Grant:** This scholarship was created to enable highly qualified students to complete their Master's degree programme. The scholarship can grant admitted students a reduction of up to 25% of the tuition fees.

**Outstanding Performance Award:** This scholarship honours talented students who have successfully completed one of our [Master's qualification programmes](#) in engineering. Their remarkable performance will be rewarded with a reduction of up to 50% of the tuition fees.

## Requirements / Registration

Academic admission requirements

Please see our website for detailed information on the admission requirements for the [MSc Textile](#):

- Bachelor of Engineering, Bachelor of Technology or Bachelor of Science in mechanical engineering or a related discipline
- Relevant work experience of six months by the time of application
- GRE General Test (Verbal Reasoning: 145 points | Quantitative Reasoning: 160 points | Analytical Writing: 3 points) or proof of completion of [German Engineering College](#)
- Fundamental knowledge in engineering

## Language requirements

If you would like to attend an English-taught Master's degree programme, you must be fluent in English (oral and written) in order to understand lectures, textbooks and manuals and to participate in lab projects, industrial internships and examinations.

One of the following certificates must be submitted:

- TOEFL Internet-based: minimum of 90 points
- IELTS test: minimum overall band 5.5 points
- Cambridge Test – Certificate in Advanced English (CAE)
- First Certificate in English (FCE), completed with B
- Placement test of RWTH Aachen University's Language Centre (B2 – only available for students already enrolled at RWTH Aachen University)

All applicants who have a school leaving qualification or first degree in English that was issued by an institution in the United Kingdom, Ireland, Australia, New Zealand, Canada, or the US are exempt from the English language certificate requirement. Please note that having German citizenship or citizenship of an English-speaking country, even those listed above, does not in and of itself exempt you from the respective language certificate requirement.

No German language skills are required for admission and enrolment.

## Application deadline

Non-EU applicants (applicants who have citizenship of a country outside EU/EEA):  
2 December to 1 March

EU applicants (applicants who have citizenship of an EU/EEA country, are currently enrolled at RWTH Aachen or hold a German university degree):  
2 December to 15 July

**Apply by 15 January (non-EU) / 15 April (EU) to benefit from a 10% early bird discount on the tuition fees!**

## Submit application to

Please use [the official online application portal of RWTH Aachen University](#) and submit your electronic application.

## Services

### Possibility of finding part-time employment

Generally, students enrolled at RWTH Aachen University have the opportunity to find a job on campus and work up to 19 hours per week. This also allows students to become more familiar with the university institutes and to take part in projects related to their field of study. The maximum working limit for off-campus work is 120 full days / 240 half days per year for non-EU students.

### Accommodation

Aachen is a vibrant university city with several hundred new students arriving each semester. The housing market is quite tough as a result, especially during the months of March/April and September/October. Finding suitable and affordable accommodation can be time consuming and challenging.

Therefore, we as RWTH International Academy offer our own accommodation in two apartment buildings in the city centre to students of our Master's degree programmes. Benefit from exclusive prices and in-house services, whether you only need short-term accommodation before moving into your own apartment, or you are looking for a new home for the duration of your studies. Visit our [housing website](#) for more information.

### Career advisory service

Studying with RWTH International Academy involves much more than just a degree. With us, you get an all-round career package: during your studies, we are there to advise you so that you can

ideally prepare for the start of your career. Our goal is to provide you with the necessary hard and soft skills for the job market. We will facilitate your networking directly with companies and/or the university.

#### Benefits from our Career Services Expertise

- Career counselling
- Online Career Portal
- Application tips
- Company Meet & Greet
- E-Coaching
- Recruiting events

With our Career Service, we want to lay the foundation for your career success. We support you with valuable tips, advice and personal coaching from the preparation of your application documents to networking with companies for internships, theses and career entry.

#### Support for international students and doctoral candidates

- Welcome event
- Specialist counselling
- Cultural and linguistic preparation
- Visa matters
- Help with finding accommodation

#### General services and support for international students and doctoral candidates

We look forward to welcoming students of all nationalities! For students from [China](#), [India](#) and [Latin America](#), we provide exclusive access, special support and individual consultation through our Academy Offices on site.

#### Anand Venkatachalam MSc

Earning a Master's at RWTH was a tough journey of mixed feelings. In the long run, it was a unique experience with a lot of unforgettable memories. I want to express my special thanks to the International Academy for their caring efforts and support throughout this degree programme.

#### Master's in Textile Engineering at RWTH International Academy

In this video, you will get a brief insight into the many areas of specialisation, e.g. technical processes and machines, that you can pursue as a Textile Engineering student at RWTH. You will also hear a student's perspective of the course of study.

RWTH Aachen University

© RWTH International Academy

With 260 institutes, nine faculties and three Clusters of Excellence, RWTH Aachen University is one of Europe's leading institutions for science and research. Currently, more than 47,000 students are enrolled in 170 courses of study. Of these students, more than 13,000 are international students. RWTH Aachen is well-known for its state-of-the-art education that tackles some of the world's most pressing global challenges. Our graduates are highly sought after by businesses and industry as trainees and for executive positions.

As the official academy for education of RWTH Aachen University, RWTH International Academy is tasked with promoting and developing the integration of professional and academic education. Our goal is to make knowledge accessible to international participants through application-oriented educational formats and programmes, thus making a lasting contribution to lifelong learning.

[More about RWTH International Academy](#)

## University location

[The student city of Aachen](#) is a vibrant and historic place located at the border triangle of Germany, Belgium and the Netherlands. Aachen was a favoured residence of Charlemagne. After the departure of the Romans from this region, Charlemagne finally managed to forge the lion's share of Europe into something that resembled an administrative unity, with Aachen as the beating heart of the empire. The "Rathaus" (city hall) and "Dom" (cathedral) bear witness to this earliest Carolingian building history. During your time in Aachen, you will have the opportunity to discover the city, its history and its most important sights. Moreover, you will experience student life at one of Europe's leading technical universities and become part of the international student community. There is no better place to encounter European culture while challenging yourself in our programmes.
