Requirements / Registration

Academic admission requirements

Secondary education diploma (A level or equivalent)
If required: evidence of periods of study or certificates
Every qualification must be checked individually, depending on the educational background of each student. For more information, please visit our website:
<https://international.thws.de/en/thws-international/ways-to-thws/incoming-full-time-students/admission-requirements/>

Language requirements

- Evidence of knowledge of English at level B2, e.g. valid TOEFL iBT® test result of at least 83 points (Internet-based), IELTS 6.0, etc.
[Language entrance requirements: Technical University of Applied Sciences Würzburg-Schweinfurt \(thws.de\)](https://international.thws.de/en/thws-international/ways-to-thws/incoming-full-time-students/admission-requirements/)
- Knowledge of German at A2 level (CEFR). There is an option to achieve this level by means of THWS courses during the first two semesters.

Application deadline

1 April to 15 June for the following winter semester

Submit application to

Applications have to be submitted online via our application portal.

Additionally, we require a pre-evaluation of your university entrance qualification from uni-assist (VPD), APS or ZAST/ZAB. Please check our homepage for further information: <https://international.thws.de/en/thws-international/ways-to-thws/incoming-full-time-students/application/>.

Services

Possibility of finding part-time employment

In order to finance your living expenses during your studies, you can look for a student job. However, please note that your focus should always be on your studies.

Students from non-EU countries may work 120 full days or 240 half days per year. If you work as a student assistant at a university or a company, the amount of days may be higher.

Students from EU countries: There are no restrictions.

Accommodation

Several halls of residence are located in Schweinfurt within short distance to the campuses, which offer facilities such as furnished rooms, Internet connection, and common areas. Further information: <https://international.thws.de/en/thws-international/ways-to-thws/formalities-and-finances/accommodation/>

Career advisory service

The International Career Service at THWS offers events and information for students in English. Our events help with:

- studying successfully
- transitioning into professional life

In addition, we offer plenty of information about the topics:

- application
- job interview
- links to online job portals

<https://international.thws.de/en/thws-international/ways-to-thws/international-career-service/>

Support for international students and doctoral candidates

- Welcome event
- Tutors
- Accompanying programme
- Cultural and linguistic preparation
- Specialist counselling

General services and support for international students and doctoral candidates

The International Office at THWS offers a range of support options for international applicants and students. For an overview of what we offer, please visit: <https://international.thws.de/en/thws-international/ways-to-thws/applicants-and-student-support/>

**Monika Mangarova
(from Bulgaria)
Alumna**

My time at the THWS and in Schweinfurt brings me a smile and warm memories. The mix of diverse cultures and people made my student life so much better.

The core of my studies and the skills and knowledge built and accrued throughout my time at the THWS were made possible by the professors and lectures. Their out-of-the-box teaching methods, insights into the relevant industries, and real-life examples of theories and methodologies really helped me to prepare for my career.

Business and Engineering Study Programme at THWS

In this video, you will get to know Rayson, who is a Business and Engineering student. He is in his sixth semester at THWS, the Technical University of Applied Sciences Würzburg-Schweinfurt, and he talks about what you can expect during your studies at the THWS and what you can look forward to there.

About THWS

The Technical University of Applied Sciences Würzburg-Schweinfurt (THWS) was established in 1971, with campuses in two locations in Würzburg and Schweinfurt. Today, the THWS is one of the largest universities of applied sciences in Bavaria (southern Germany). As a public university, we guarantee an excellent academic education recognised throughout the world.

Course offerings

With its 10 departments and more than 40 undergraduate and postgraduate degrees, as well as six research institutes, the THWS offers a broad, practice- and future-oriented course programme. Within the THWS i-Campus concept, English Bachelor's programmes add to the wide range of German programmes. Courses take place in modern lecture rooms and laboratories equipped with innovative technology and state-of-the-art appliances.

Low student-teacher ratio

Studying at THWS is characterised by small study groups and a low student-teacher ratio. Through a great share of seminar papers, students learn to work independently. Additionally, project work promotes the students' team-working abilities.

Education with a special focus on application and practice

Almost 200 professors with solid professional experience from industry and business provide scientific education with special relevance to application and practice.

The university collaborates closely with regional and trans-regional businesses. Students benefit from this close collaboration by being able to do internships and having the possibility to write their Bachelor's theses in one of these companies. Moreover, they have the chance to build a network for their future career.

International focus

THWS excels due to its international orientation. For more than 30 years, the university has welcomed students from over 80 countries. Worldwide, THWS is associated with more than 230 universities.

📍 University location

Located in Bavaria

The university's location in Schweinfurt is situated in one of the most beautiful regions of Germany. Franconia, in the northern part of the federal state Bavaria, offers high recreational value as a region of cultural and culinary delight. Due to the favourable geographic location Schweinfurt is a perfect starting point to discover Germany and Europe. The international airports of Frankfurt am Main and Munich are within easy reach.

City of Schweinfurt

Schweinfurt, with a population of 57,000, is well known for its metal industry. Apart from accommodation at favourable prices and a reasonable cost of living, the town offers students an attractive environment with high recreational value. Thanks to the wide range of industry operating in the area and cooperation between our university and industrial partners, students can find good opportunities for

practical semesters and theses. Moreover, the region offers excellent job prospects.
