Description/content	<p>Graduates of the International MBA are awarded two degrees after studying one year (fast track) or 18 months in two countries with classmates from all over the globe.</p> <p>This programme goes beyond simply addressing trade issues between countries by encouraging critical analysis of what makes a business competitive in the international arena. It provides a unique learning experience based upon students' needs and graduates' opportunities.</p> <p>This unique programme is a cooperative venture initiated by five internationally recognised universities as part of the "International Business School Alliance" (IBSA).</p> <p>Core modules:</p>

- Management in the Global Environment/Global Strategic Analysis
- Global Marketing Strategies
- Multinational Financial Management
- Human Resource Management in a Global Environment
- Business Analytics

Specialisation in International Logistics and Supply Chain Management:
 Logistics and Supply Chain Management connect markets and people. Located in one of the leading logistics hubs in Germany, the Hochschule Bremen, City University of Applied Sciences offers the specialisation International Logistics & Supply Chain Management. Students will learn to design, analyse, and control logistics networks and the related processes from inbound/procurement logistics to international transport. The maritime sector plays an important role in the programme and in the region. Project management will be introduced as the indispensable tool for successful logistics managers. As part of a local and global network, the Hochschule Bremen, City University of Applied Sciences provides a broad variety of learning experiences. Keynote speakers, field trips, and business simulations are examples for the didactical approach of the Hochschule Bremen, City University of Applied Sciences in teaching logistics management.

Application deadline Please check the [university's website](#).

Submit application to <https://www.graduatecenter.org/en/admission-support/online-application.html>

Services

Possibility of finding part-time employment Being a one-year full-time Master's programme and due to the intense study period and high workload, it is not recommended to work during the course of study.
(In general, students from European Union countries do not require a work permit to work during their course of study. Students from countries outside the European Union may work 120 full days or 240 half days over the course of one year without a work permit. A special permit is required to work more than this.)

Accommodation The International Student Assistance (isa@hs-bremen.de) takes on the task of finding accommodation. This service is available to students free of charge. The applicants also have access to an online database where they can choose from various options for accommodation. Most students live in rented rooms or apartments that must be rented for at least six months. The rent for a single room is a minimum of 450 EUR each month.
