Master's degree

Management & Engineering in Computer-Aided Mechanical Engineering

RWTH Aachen University • Aachen

Overview

Degree	Master of Science (RWTH Aachen University)
Teaching language	<ul style="list-style-type: none">English
Languages	Courses are taught entirely in English.
Full-time / part-time	<ul style="list-style-type: none">full-time
Programme duration	4 semesters
Beginning	Winter semester
Application deadline	<p>Non-EU applicants (applicants who have citizenship of a country outside EU/EEA): 2 December to 1 March</p> <p>EU applicants (applicants who have citizenship of an EU/EEA country, are currently enrolled at RWTH Aachen or hold a German university degree): 2 December to 15 July</p> <p>Apply by 15 January (non-EU) / 15 April (EU) to benefit from a 10% early bird discount on the tuition fees!</p>
Tuition fees per semester in EUR	6,000 EUR
Additional information on tuition fees	24,000 EUR in total for four semesters
Combined Master's degree / PhD programme	No
Joint degree / double degree programme	No
Description/content	The MSc Management and Engineering in Computer Aided Mechanical Engineering (MSc MME-CAME) is specifically designed to provide business management and technical skills to young

engineering professionals. As an interdisciplinary Master's degree programme, it combines sound knowledge of key engineering fundamentals such as the finite element method, numerical methods, simulation, mechanics and software engineering with solid knowledge of essential management processes in marketing, accounting, human resource and international business. Our Management and Engineering degree programme will enable you to manage and adapt to business changes with innovative problem-solving skills and prepare you to move into advanced engineering positions as well as business leadership roles.

Your studies – your choice: choose a study track

To equip you with the specialisation you need for your individual career path, we offer two study tracks in the MSc MME-CAME:

Modelling and Simulation Engineering

In this track, you will specialise in the areas of:

- computer-aided modelling and simulation technology
- computer-aided design
- computer-aided production in mechanical engineering, design of manufacturing processes, life cycle prediction of materials, parts and components

Digital Engineering

In this track, you will focus on:

- the technical application fields of networked production
- manage and design an integrated production chain
- concepts and application of IoT, physical systems (digital twin), smart factory, smart production processes and smart business processes

Course Details

Course organisation	<p>The MSc MME-CAME consists of:</p> <ul style="list-style-type: none"> • non-track-specific engineering and management compulsories • track-specific compulsories • elective courses • language courses • the Master's thesis, which can be written internally with an institute or externally with a company <p>Get a detailed overview of the programme structure on our MSc MME-CAME website.</p>
International elements	<ul style="list-style-type: none"> • Integrated study abroad unit(s)
Integrated study abroad unit(s)	<p>The programme takes place in Aachen (Germany). A voluntary internship or the Master's thesis can be completed in other countries.</p>
Course-specific, integrated German language courses	No
Course-specific, integrated English language courses	No

Costs / Funding

Tuition fees per semester in EUR	6,000 EUR
Additional information on tuition fees	24,000 EUR in total for four semesters
Semester contribution	The RWTH Aachen University's semester fee of approx. 300 EUR is a student body and social contribution fee that every student must pay each semester in order to stay enrolled as an active student. It includes, among other benefits, a "semester ticket" covering public transport in the federal state of North Rhine-Westphalia in Germany as well as the region of South Limburg in the Netherlands.
Costs of living	The average cost of living, including food, accommodation, personal and social expenses, and study-related costs, is estimated to be at least 900 to 1,000 EUR per month.
Funding opportunities within the university	Yes
Description of the above-mentioned funding opportunities within the university	<p>Women in Engineering Scholarship: This scholarship was created to enable for more qualified female engineering students to pursue a Master's degree programme. The scholarship can grant admitted students a reduction of up to 25% of the tuition fees.</p> <p>High Potential Student Grant: This scholarship was created to enable highly qualified students to complete their Master's degree programme. The scholarship can grant admitted students a reduction of up to 25% of the tuition fees.</p> <p>Outstanding Performance Award: This scholarship honours talented students who have successfully completed one of our Master's qualification programmes in engineering. Their remarkable performance will be rewarded with a reduction of up to 50% of the tuition fees.</p>

Requirements / Registration

Academic admission requirements	<p>Please see our website for detailed information on the admission requirements for the MSc MME-CAME.</p> <ul style="list-style-type: none">• Bachelor of Engineering, Bachelor of Technology or Bachelor of Science in mechanical engineering or a related discipline• Relevant work experience of 6 months by the time of application• GRE General Test (Verbal Reasoning: 145 points Quantitative Reasoning: 160 points Analytical Writing: 3 points) or proof of completion of German Engineering College• Fundamental knowledge in engineering
Language requirements	<p>If you would like to attend an English-taught Master's degree programme, you must be fluent in English (oral and written) in order to understand lectures, textbooks and manuals and to participate in lab projects, industrial internships and examinations.</p> <p>One of the following certificates must be submitted:</p> <ul style="list-style-type: none">• TOEFL Internet-based: minimum of 90 points• IELTS test: minimum overall band 5.5 points• Cambridge Test - Certificate in Advanced English (CAE)

- First Certificate in English (FCE), completed with B
- Placement test of RWTH Aachen University's Language Centre (B2 – only available for students already enrolled at RWTH Aachen University)

All applicants who have a school leaving qualification or first degree in English that was issued by an institution in the United Kingdom, Ireland, Australia, New Zealand, Canada, or the US are exempt from the English language certificate requirement. Please note that having German citizenship or citizenship of an English-speaking country, even those listed above, does not in and of itself exempt you from the respective language certificate requirement.

No German language skills are required for admission and enrolment. However, you will have the chance to take German language courses as part of your curriculum at RWTH Aachen University Language Centre.

Application deadline

Non-EU applicants (applicants who have citizenship of a country outside EU/EEA):
2 December to 1 March

EU applicants (applicants who have citizenship of an EU/EEA country, are currently enrolled at RWTH Aachen or hold a German university degree):
2 December to 15 July

Apply by 15 January (non-EU) / 15 April (EU) to benefit from a 10% early bird discount on the tuition fees!

Submit application to

Please use [the official online application portal of RWTH Aachen University](#) and submit your electronic application.

Services

Possibility of finding part-time employment

Students enrolled at RWTH Aachen University have the opportunity to find a job on campus and work for up to 19 hours per week. This also allows students to become more familiar with the University institutes and take part in projects related to their field of study. The maximum working limit for off-campus work is 120 full days / 240 half days per year for non-EU students.

Accommodation

Aachen is a vibrant university city with several hundred new students arriving each semester. The housing market is quite tough as a result, especially during the months of March/April and September/October. Finding suitable and affordable accommodation can be time consuming and challenging.

Therefore, we as RWTH International Academy offer our own accommodation in two apartment buildings in the city centre to students of our Master's degree programmes. Benefit from exclusive prices and in-house services, whether you only need short-term accommodation before moving into your own apartment, or you are looking for a new home for the duration of your studies. Visit our [housing website](#) for more information.

Career advisory service

Studying with RWTH International Academy involves much more than just a degree. With us, you get an all-round career package: during your studies, we are there to advise you so that you can ideally prepare for the start of your career. Our goal is to provide you with the necessary hard and soft skills for the job market. We will facilitate your networking directly with companies and/or the university.

Benefits from our Career Services Expertise

- Career counselling
- Online Career Portal
- Application tips

- Company Meet & Greet
- E-Coaching
- Recruiting events

With our Career Service, we want to lay the foundation for your career success. We support you with valuable tips, advice and personal coaching from the preparation of your application documents to networking with companies for internships, theses and career entry.

Support for international students and doctoral candidates

- Welcome event
- Cultural and linguistic preparation
- Specialist counselling
- Visa matters
- Help with finding accommodation

General services and support for international students and doctoral candidates

We look forward to welcoming students of all nationalities! For students from [China](#), [India](#) and [Latin America](#), we provide exclusive access, special support and individual consultation through our Academy Offices on site.

Suraj Rathore MSc MME-CAME Alumnus

I am a graduate of the MME-CAME programme, and I have also studied various programming languages such as JAVA, C, C++ and HTML as part of the curriculum at RWTH Aachen University. I feel that the intersecting knowledge of the two domains will allow me to have better hands-on experiences in real-world situations throughout future challenges.

Alumnus Abdel's journey as MSc MME-CAME student

Abdel is an alumnus from Egypt who participated in our MSc Management and Engineering in Computer-Aided Mechanical Engineering. In this video, he shares why he studied in the MME-CAME programme, his opinion on the benefits of the programme, and some advice he can give to future students.

RWTH Aachen University

RWTH Aachen University

© RWTH International Academy

With 260 institutes, nine faculties and three Clusters of Excellence, RWTH Aachen University is one of Europe's leading institutions for science and research. Currently, more than 47,000 students are enrolled in 170 courses of study. Of these students, more than 13,000 are international students. RWTH Aachen is well-known for its state-of-the-art education that tackles some of the world's most pressing global challenges. Our graduates are highly sought after by businesses and industry as trainees and for executive positions.

As the official academy for education of RWTH Aachen University, RWTH International Academy is tasked with promoting and developing the integration of professional and academic education. Our goal is to make knowledge accessible to international participants through application-oriented educational formats and programmes, thus making a lasting contribution to lifelong learning.

[More about RWTH International Academy](#)

University location

[The student city of Aachen](#) is a vibrant and historic place located at the border triangle of Germany, Belgium and the Netherlands. Aachen was a favoured residence of Charlemagne. After the departure of the Romans from this region, Charlemagne finally managed to forge the lion's share of Europe into something that resembled an administrative unity, with Aachen as the beating heart of the empire. The "Rathaus" (city hall) and "Dom" (cathedral) bear witness to this earliest Carolingian building history. During your time in Aachen, you will have the opportunity to discover the city, its history and its most important sights. Moreover, you will experience student life at one of Europe's leading technical universities and become part of the international student community. There is no better place to encounter European culture while challenging yourself in our programmes.
