# Bachelor's degree

## BSc Health Informatics

Deggendorf Institute of Technology • Pfarrkirchen

## Overview

Degree	Bachelor of Science (BSc)
Teaching language	<ul style="list-style-type: none"><li>English</li></ul>
Languages	Course language: English
Programme duration	7 semesters
Beginning	Winter semester
Application deadline	15 April – 15 July for October entries (winter semester)
Tuition fees per semester in EUR	None
Joint degree / double degree programme	No
Description/content	<p>The Bachelor's programme, Health Informatics, enables its graduates to carry out both scientifically founded and ethically insightful work on the basis of a systematic approach. The integrated practical study semester, which takes place in selected healthcare institutions, organisations, and businesses in close coordination with the DIT, helps to achieve this goal.</p> <p>In achieving the outlined qualification goals, the programme's applied orientation is of special importance.</p> <p>The application and transfer of scientific knowledge to concrete, current issues in the field of healthcare informatics will be ensured through the programme's focus on various fields of application. The content and structure of the course open up the opportunity for students to gain in-depth, interdisciplinary, and process-oriented insights into an area of application early on in their studies.</p>
Current information	<p><b>Rankings</b></p> <p><b>WURI (World University Rankings for Innovation) – Ranking 2023:</b></p> <ul style="list-style-type: none"><li>Number one worldwide in the category "Entrepreneurial Spirit"</li><li>Number 16 worldwide in the overall ranking of the most innovative universities</li></ul>

## Course Details

<b>Course organisation</b>	<p>The Bachelor's programme Health Informatics comprises six theoretical semesters, one practical semester, and finally, a Bachelor's thesis. The Bachelor's thesis can be written in German or in English.</p> <p>For all courses, ECTS credit points (European Credit Transfer System) are awarded. After having successfully completed the programme and the Bachelor's thesis, students will be awarded the academic degree Bachelor of Science (BSc).</p>

<b>Description of the above-mentioned funding opportunities within the</b>	If you are an enrolled DIT student, there are several opportunities to partially finance your studies through a scholarship.

## Requirements / Registration

### Academic admission requirements

- Higher education entrance qualification
- A successfully completed admission test

### Language requirements

Please find the language requirements for this degree course here: <https://www.th-deg.de/en/apply#language-requirements>

### Application deadline

15 April – 15 July for October entries (winter semester)

### Submit application to

Please apply directly to Deggendorf Institute of Technology via our application portal. All required documents must be uploaded on the application portal. It is not necessary to send in hard copies by postal mail.

Please find more details regarding our application process here: <https://www.th-deg.de/en/apply#international>

## Services

### Possibility of finding part-time employment

There are various job opportunities in and around Pfarrkirchen.

### Accommodation

A supportive environment is vital for students to feel comfortable and do well in their studies. Therefore, we go to great efforts to support our students on personal, social and academic levels.

The International Office assists international students with all matters regarding accommodation.

In Pfarrkirchen, many flats are available in close proximity to the campus. View our flat rental website for private accommodation and get directly into contact with landlords: <https://pmit-ext.th-deg.de/wb/search>

For further information, please contact: [accommodation-dit@th-deg.de](mailto:accommodation-dit@th-deg.de).

### Career advisory service

Career service workshops and seminars are held throughout the year to help students with their job applications and interview techniques.

We provide the following:

- CV checks
- Workshops and seminars for job preparation
- University job fair

Furthermore, we offer the [Job Rock-It programme](#), especially designed for international degree-seeking students. In this programme, a clever combination of seminars, workshops and lectures provides a basic understanding of the German economy and thus enables easy access to the German labour market. This programme can help students with their final theses, and it can lead to internships or even permanent positions after graduation.

### Support for international students and doctoral candidates

- Welcome event
- Buddy programme
- Tutors
- Cultural and linguistic preparation
- Accompanying programme
- Visa matters
- Pick-up service

### Dumtochi Ezenwa BSc Health Informatics

Moving to Germany and starting a degree in Health Informatics has been a beautiful experience. Everything from the course curriculum to the learning environment made the process of learning and integration worthwhile. I was impressed by the practical approach. The extensive network was top notch. The blend of applicability, quality and intentionality is just right. DIT offers a diverse community that has given me the global view required to be competitive in an ever-changing working environment.

### Our Partners

### Faculties and Fields of Study

Are you interested in environmentalism, psychology, physiotherapy or robots? We offer all this and more at the Deggendorf Institute of Technology (DIT). Watch our video to learn more about our faculties and fields of study at DIT.

We are a multi-award-winning university of applied sciences founded in 1994 and located in stunning Bavaria. Ranked as one of the best universities of applied sciences in Germany, we strive for academic excellence and are committed to producing global graduates with international degrees at multiple levels. The total student population of more than 8,700 includes 45% international students from all over the globe. The language of instruction is either English or German, depending on the degree programme. Study groups rarely include more than 50 students to ensure not only a personal atmosphere but also individual support for students to excel. All full-time degree programmes are free from tuition fees.

Explore our [fields of study!](#)

Let us inspire you:

- [See the advantages of studying at DIT.](#)
- [Read through the International Prospectus.](#)

#### Intensive support:

A supportive environment is vital for students to feel comfortable and do well in their studies. We go to great efforts to support our students on personal, social and academic levels. International students who wish to experience the Bavarian lifestyle in a family can join the “Host Family Programme”. “International Tutors” provide social support for international students, while “Study Buddies” help students to understand challenging lecture content. The International Office supports with accommodation, visas, health insurance, scholarships, etc. in addition to organising an orientation week and intercultural training for all incoming internationals.

- [Find out more about student support.](#)

#### International experience:

[Our 216 partner universities worldwide](#) provide enrolled students with opportunities to gain experience and earn credits towards their degrees through foreign exchange semesters, or in some cases, through double-degree studies abroad.

#### Practical experience:

All undergraduate studies include a compulsory internship, giving students the opportunity to practice their hands-on skills. Postgraduate students have the opportunity to work on practical research and development projects on our own [technology campuses](#). We cooperate with more than 500 companies, including global players such as BMW, MAN, Continental and Siemens, where students can gain invaluable work experience. The university's [career service](#) organises a range of practical workshops and seminars to prepare students for the job market, meaning our graduates are particularly successful in the job market; 87% enter into permanent employment directly after graduation.

#### Student lifestyle:

We consider a [good lifestyle](#) to be an important factor for the well-being of our students. They are supported with many facilities, such as a range of student clubs, an extensive sports programme, a big band, a campus cinema, an international week including an international food fair, and social activities or day trips organised by the Erasmus Student Network. Our annual campus open day and summer open-air music festival are firm favourites among our staff and student community.

## University location

Our three teaching campuses are located in Bavaria in Southern Germany, close to the city of Munich, the Austrian border and the Alps. Our main flagship campus is located in charming [Deggendorf](#) and is the base for most students. The [European Campus Rottal-Inn](#) (ECRI) is a dynamic and multicultural study environment where all classes are exclusively in English. The Cham campus is a cosy international hub for AI and mechatronic students.

[View the campuses](#)

### **Deggendorf Campus:**

The [Deggendorf campus](#) is our largest campus, and it has recently undergone a vast extension to accommodate the expanding university community. It has a modern, central courtyard with a hovering deck over water where staff and students relax while having lunch, socialising, revising or just lounging. All lecture rooms, science labs, facilities and service centres are based on and around campus, creating an excellent studying environment.

The beautiful town of Deggendorf has a population of 40,000 and is located on the banks of the Danube river at the foot of the Bavarian Forest. Munich International Airport is one hour's drive away and can easily be accessed by public transport. Our students enjoy vibrant social lives, as Deggendorf has plenty to offer: restaurants, cafés and pubs, plus many cultural festivals and events. It has an excellent network of bike trails, leisure cruise ships on the river and a surrounding hilly landscape that provides a stunning natural backdrop to enjoy countless recreational activities.

Newly built, self-contained student apartment blocks are within close walking or biking proximity to campus, the town centre and all local amenities.

### **European Campus Rottal-Inn:**

At the [European Rottal-Inn campus](#), all Bachelor's and Master's degree programmes are conducted exclusively in English, creating a dynamic study environment with a diverse and international student community.

The campus is nestled in the town of Pfarrrkirchen among rolling, picturesque hills between the Danube and Inn rivers, close to the Austrian border. Pfarrrkirchen has become culturally renowned in the area due to its exceptional art exhibitions, museum nights, festivals and events throughout the year. In summer, the old town festival tempts thousands of visitors with its multicultural culinary and musical events. All year round, students enjoy the relaxed Bavarian atmosphere in local cafés, restaurants and markets in the traditional town square. The surrounding beautiful Rott Valley has a range of appealing leisure activities, being well-known for its spas, golf courses, equestrian sports and extensive bike network.

### **Cham campus:**

The Cham campus is our newest and most compact campus, with over 600 students, 75% being international students. Its Master's programmes are taught completely in English, and students benefit from intensive personal supervision in small study groups. The campus has a close relationship with regional and national companies in the field of mechatronics, so students learn in both an applied and scientific way.

Only a ten-minute walk from the town centre of Cham, the campus offers a unique atmosphere. Situated directly on the Regen River, students complete their studies in a relaxed and scenic country environment.

There are plenty of leisure facilities within walking distance of the campus: a leisure park with various sports facilities, a swimming pool with access to the river, a cinema, a climbing hall, shops and restaurants. It's a great place to live and study!
