I study interpreting and translating at the university. I love travelling, and I highly recommend the summer courses in Hamburg to everyone! The courses are practice-oriented, and the friendly teachers show you around the beautiful city and introduce you to German culture. I especially enjoyed the fact that the courses were adjusted to each person's needs and that there were many interesting activities and excursions.

Our Partners

Hamburg University of Technology

Hamburg University of Technology (TUHH) was founded in 1978 and is one of the youngest technical universities in Germany. The TUHH offers 42 different BA and MA study programmes as well as extensive English language study programmes.
