Master's degree

Integrated Plant and Animal Breeding (MSc)

University of Göttingen • Göttingen

Overview

Degree	Master of Science (MSc)
Teaching language	<ul style="list-style-type: none">English
Languages	All courses will be taught in English.
Full-time / part-time	<ul style="list-style-type: none">full-time
Programme duration	4 semesters
Beginning	Winter semester
Application deadline	Non-European applicants: 15 February for the following winter semester European applicants: 1 June for the following winter semester
Tuition fees per semester in EUR	None
Combined Master's degree / PhD programme	No
Joint degree / double degree programme	No
Description/content	<p>The International Master's programme in "Integrated Plant and Animal Breeding"...</p> <ul style="list-style-type: none">provides a profoundly interdisciplinary approach to breeding research by bridging the gap between animal and plant breeding.covers all relevant disciplines of breeding research.is supplemented by external lecturers from leading international breeding companies, research institutions, and national authorities. <p>Animal breeding and plant breeding are driving the development of new livestock and crop varieties that can cope with the challenges of the changing environment and the demands of consumers. Breeding research integrates areas such as quantitative and molecular genetics, biotechnology, and breeding informatics. It has close links to neighbouring fields such as animal and plant nutrition, animal health and crop protection, marketing, economics and ethics. Highly specialised experts in this field are required worldwide. Graduates of this programme will have excellent career opportunities in both academia and industry.</p>

Course Details

Course organisation	<p>The two-year Master's programme requires 120 ECTS, divided into the study programme with 81 ECTS (lectures, internships, seminars), a six-week internship (9 ECTS) and the Master's thesis including colloquium (30 ECTS).</p> <p>Compulsory modules:</p> <ul style="list-style-type: none">• Quantitative genetics and population genetics• Breeding schemes and programmes in plant and animal breeding• Statistical genetics, breeding informatics and experimental design• Biotechnology and molecular genetics in plant and animal breeding• Selection theory, design and optimisation of breeding programmes <p>Internship (six weeks): research-intensive internship in the industry or public research institutes</p> <p>Elective Modules:</p> <ul style="list-style-type: none">• Breeding informatics• Legal issues in plant and animal breeding• Poultry breeding and genetics• Biotechnology and forest genetics• Genetic resources• Seed marketing <p>Master's thesis and Master's defence</p> <p>» PDF Download</p>
A Diploma supplement will be issued	Yes
International elements	<ul style="list-style-type: none">• International guest lecturers
Integrated internships	<p>An internship of six weeks is a compulsory module. This has to be completed during one semester break. Programme advisers will assist students in finding an appropriate internship. Students will carry out practical work in areas of plant or animal breeding.</p> <p>Specific knowledge of the respective area of work/research will be acquired, and social abilities like work organisation, teamwork, interdisciplinary work, and flexibility will be practised.</p>
Course-specific, integrated German language courses	No
Course-specific, integrated English language courses	No

Costs / Funding

Tuition fees per semester in EUR	None
Semester contribution	Fees are around 400 EUR per semester. The fees include a prepaid semester ticket that entitles students to use regional trains (in Lower Saxony and Bremen) and city buses in Göttingen free of

charge.

Fees: <http://www.uni-goettingen.de/fee>

Semester ticket: <http://www.uni-goettingen.de/en/16432.html>

Costs of living

The average cost of living in Göttingen is modest compared to other major university cities in Germany. Currently, expenses for accommodation, food, health insurance and books are about 850 EUR per month. Please note that fees for health insurance may vary according to age.

Students of the University of Göttingen receive discounts for cultural events. Meals and drinks are also available at reduced prices at all university canteens.

For further information, please see the following link: www.uni-goettingen.de/en/54664.html.

Funding opportunities within the university

Yes

Requirements / Registration

Academic admission requirements

Successful applicants must have an above-average or preferably good grade in their undergraduate degree (BSc) from a programme with a duration of at least six semesters in agricultural sciences, biology or a related study field.

Please see the [iPAB admission criteria](#).

Language requirements

Applicants whose native language is not English must show adequate English language skills. Adequate English language skills should be proven on the basis of the following minimum performance in an internationally accredited test or comparable qualifications:

- Cambridge Certificate in Advanced English at least with grade B
- Cambridge Certificate of Proficiency in English at least with grade C
- International English Language Testing System (IELTS) with at least band 6
- At least 550 points in a paper-based TOEFL (Test of English as a Foreign Language)
- At least 80 points in an Internet-based TOEFL (Test of English as a Foreign Language)
- UNiCert level II
- B2 certificate of CEFR (Common European Framework of Reference)

The language test certificate should be no more than three years old at the time of application. Exempted from the requirement to provide proof of language proficiency are students whose first language is English.

IMPORTANT: A confirmation letter on English proficiency due to previous studies in English written by universities will no longer be sufficient as proof of adequate English language skills for the application phase for enrolment in 2025/26 and onwards.

Application deadline

Non-European applicants: 15 February for the following winter semester
European applicants: 1 June for the following winter semester

Submit application to

Apply via our [iPAB application platform](#).

Services

Possibility of finding part-time employment

The university supports students in finding part-time jobs in local industries and businesses. A number of student jobs are also available at the university. They are announced on the following website: www.stellenwerk-goettingen.de.

Please note that restrictions may apply with your scholarship or visa. Non-EU students are subject to special regulations.

Foreign applicants should note that it is not easy to find a job to finance their studies, as German students are also searching for jobs. Some proficiency in German may be indispensable to find a job. Non-EU students are permitted to work a maximum of 120 full days (240 half days) per year.

Accommodation

The Accommodation Service of the International Office supports international students who are enrolled at the University of Göttingen in finding accommodation and serves as a point of contact for related queries. The Accommodation Service also publishes suitable offers from private landlords in Göttingen and collaborates with the Student Services ("Studentenwerk"). As the number of available accommodation options in Göttingen is limited, it is highly recommended to contact the Accommodation Service as early as possible.

For further information, please see the following link: <https://www.uni-goettingen.de/en/617883.html>.

Career advisory service

The Career Service of the University of Göttingen offers individual support to facilitate your successful transition from the academic to the professional world — whether you want to work in Germany or abroad. Especially for international students aiming for a career entry in Germany, the Career Service provides topic-specific "Career Impulse Sessions", workshops, online learning modules, and a qualification programme in "Building International Careers" as well as digital career tools and a virtual community for international employment opportunities: www.uni-goettingen.de/en/292.html.

Support for international students and doctoral candidates

- Welcome event
- Buddy programme
- Tutors
- Visa matters
- Support with registration procedures

General services and support for international students and doctoral candidates

The International Office provides a complimentary pick-up service ("Buddy Exchange Service") from Göttingen railway station to the accommodation. German students help newly arrived students to adapt to the university and the city during their first weeks. <http://www.uni-goettingen.de/en/49307.html>

There is also an orientation week for new international students, which provides valuable information about Göttingen and the university. <http://www.uni-goettingen.de/en/196392.html>

The programme coordinator discusses the study programme with the students, gives support in selecting suitable courses, and advises students throughout their course of study.
