Sports, Exercise and Human Performance

University of Münster • Münster

Overview

Degree	Master of Science
Teaching language	<ul style="list-style-type: none">English
Languages	All courses are in English.
Programme duration	4 semesters
Beginning	Winter semester
Application deadline	15 July for EU applicants 31 May for applicants from non-EU and non-EEA member states
Tuition fees per semester in EUR	None
Combined Master's degree / PhD programme	No
Joint degree / double degree programme	No
Description/content	<p>The Master of Science in Sports, Exercise and Human Performance represents a highly specialised Master's degree programme focussing on research. In particular, the programme is characterised by its alignment on scientific methods as well as its strong direction into internationally used standards and the imparting of field-typical "soft skills" without implicating any sport-specific practices.</p> <p>The programme aims to enable students to work in research-based occupational areas and to make decisions in generating knowledge, diagnostics, planning and evaluating independently. The students should achieve profession-specific competences in leadership and communication skills, giving them the skills they need to be placed in leading and decisive staff positions.</p> <p>The Master's degree programme is a graduate course of study in which students earn 120 ECTS credit points. It is designed for undergraduate students who achieved skills in natural and behavioural sciences, including medical aspects of sports and human movement. Elementary methodological knowledge and capabilities in experimental and field research are necessary.</p>

Course Details

Course organisation

The course is organised into four semesters. In the first two semesters, the three main parts, sport psychology, human movement science, training and performance sciences as well as statistics, methods and market skills are mandatory fields. They are all covered by theoretical courses and courses for practical application. From the third semester on, students are free to choose a topic of specialisation and explore this topic in depth. Research projects as well as international internships in different fields are highly connected with each other and can be chosen individually. Each cohort consists of no more than 20 students.

A Diploma supplement will be issued

Yes

International elements

- Projects with partners in Germany and abroad

Course-specific, integrated German language courses

No

Course-specific, integrated English language courses

No

Costs / Funding

Tuition fees per semester in EUR

None

Semester contribution

Students must pay a semester contribution fee of 317.48 EUR per semester. This includes a "semester ticket" covering public transportation in the greater Münster area and throughout Germany.

You can find more information here:

<https://www.uni-muenster.de/studieninteressierte/en/einschreibung/semesterbeitrag.shtml>

Costs of living

We recommend that students budget at least 900 EUR per month to cover personal expenses (accommodation, living expenses, health insurance).

Funding opportunities within the university

No

Requirements / Registration

Academic admission requirements

The study programme is limited to an overall capacity of 20 students. The programme will start in the winter semester only. An admission regulation controls and organises the approval.

Admission requirements:

1. Graduation in a subject-specific undergraduate study programme including a standard period of study of six semesters that awarded a Bachelor of Science (BSc) degree or comparable qualifications for a professional degree
2. At least 10 credit points in statistics (e.g., advanced statistics and/or experimental methods)
3. At least 5 credit points in biology, especially in sports and/or biomechanics

4. At least 5 credit points in psychology, especially sports psychology and/or neuroscience

Language requirements	Certificate for sufficient language skills in English at level B2 CEFR (native speaker, TOEFL, IELTS, English as "Abitur-Fach Leistungskurs mit min. 10 Punkten" or Bachelor's degree in a programme that was conducted in English)
Application deadline	15 July for EU applicants 31 May for applicants from non-EU and non-EEA member states
Submit application to	Application is only possible online via the official website of the University of Münster: https://www.uni-muenster.de/studieninteressierte/en/bewerbung/master.html Further Information: https://www.uni-muenster.de/Sportwissenschaft/en/studium/studiengaenge/Master_of_Science.html

Services

Possibility of finding part-time employment	There are several possibilities for employment, e.g., as students assistants.
Accommodation	As in all popular university cities in Germany, accommodation is in high demand and is not easy to find in Münster – but it's not impossible either! Please contact the International Office (Bachelor's and Master's students) or the CERes (doctoral candidates) of the university for advice. Please also note that the University of Münster (like most German public universities) does not have its own student halls of residence.
