Master's degree

Cellular and Immunological Biosciences (MSc)

University of Tübingen • Tübingen

Overview

Degree	Master of Science
Teaching language	<ul style="list-style-type: none">English
Languages	<p>All courses are held in English. Participants choose to write their Master's theses in either language – English or German.</p> <p>German courses specially designed for international students of Master's programmes are available at the university's House of Languages. The full German course programme is available at: www.uni-tuebingen.de/en/1056.</p>
Full-time / part-time	<ul style="list-style-type: none">full-time
Programme duration	4 semesters
Beginning	Winter semester
Additional information on beginning, duration and mode of study	<ul style="list-style-type: none">Application period: April to 31 Mayavailable places: 45 per yearstart of classes: October
Application deadline	For EU applicants and for non-EU applicants, the application deadline is 31 May .
Tuition fees per semester in EUR	Varied
Additional information on tuition fees	Approx. 1,500 EUR per semester for students from non-EU countries
Combined Master's degree / PhD programme	No
Joint degree / double degree programme	No

Description/content	<p>The MSc Cellular and Immunological Biosciences – From Single Cells to Plants, Animals, and Humans provides a thorough understanding of cellular and immunological processes and their underlying molecular mechanisms in normal and malfunctioning cells and tissues, teaches the knowledge of techniques to study them, and prepares you to find solutions together with the international and interdisciplinary research community.</p> <p>The two-year programme offers a research-centred qualification with a high academic standard in the areas of molecular biology, cell biology, immunology, and systems biology with English as the teaching language.</p> <p>The MSc CIB programme is exceptional in highlighting comparative aspects of cellular and immunological processes in a variety of model systems – single cells, yeast, plants, Drosophila, and cultures of human cells & tissues – during development, homeostasis, and disease, and in providing hands-on experience on a broad spectrum of state-of-the-art methods.</p>

Course Details

Course organisation	<p>The picture shows a typical course organisation of the entire MSc CIB study programme.</p> <p>For details on the course organisation, on topics, and on teaching formats, please see the MSc CIB website (MSc CIB / Curriculum) and the module handbook (MSc CIB / Links & Download).</p>
A Diploma supplement will be issued	Yes
International elements	<ul style="list-style-type: none"> • International guest lecturers • Projects with partners in Germany and abroad • Integrated/optional study abroad unit(s)
Description of other international elements	Students are integrated into international research collaborations.
Integrated/optional study abroad unit(s)	Students have the option for external (international) and national (lab) internships (third/fourth semester).
Course-specific, integrated German language courses	No
Course-specific, integrated English language courses	No

Costs / Funding

Tuition fees per semester in EUR	1,500 EUR
Additional information on tuition fees	Approx. 1,500 EUR per semester for students from non-EU countries

Semester contribution	Enrolment fees at the University of Tübingen are currently approx. 160 EUR per semester. This includes use of local public transport free of charge on Mondays to Fridays in the evening, at weekends and on public holidays. In addition, students may purchase a semester ticket for unlimited use of public transport in the city of Tübingen and the surrounding area (currently approx. 140 EUR).
Costs of living	Estimated basic student expenses are around 950 EUR per month according to the Tübingen Student Services organisation (“Studierendenwerk”), including rent for student accommodation. Rent for private accommodation will be more expensive.
Funding opportunities within the university	No

Requirements / Registration

Academic admission requirements	<p>Bachelor's degree with a grade of at least 2.5 (German grading system)</p> <p>The selection criterion for the ranking list is the Bachelor's degree grade. The exact grade required for admission cannot be specified, as it depends on the number of applicants for the 45 available places. In previous years, the grade limit was around 2.0.</p> <p>A grade of 2.5 or better can be "improved" by bonus points, e.g. by an authorship of a scientific publication.</p> <p>More details at MSc CIB / Application & Admission</p>
Language requirements	<p>All applicants require a proof of English language proficiency: native speaker, English-language Bachelor's degree, TOEFL 95, IELTS 6.0, or English B2; or notification of English level B2 or higher on higher education entrance qualification, e.g. Abiturzeugnis; or a recognised higher education entrance qualification obtained in English and in a country whose official language is English; or BSc degree from a country with English as official language.</p> <p>International applicants require a proof of German language proficiency: Goethe-Zertifikat A2, Telc A2, ÖSD A2; or German as native language; or a BSc degree with German as teaching language.</p>
Application deadline	For EU applicants and for non-EU applicants, the application deadline is 31 May .
Submit application to	<p>Online application for international students: https://uni-tuebingen.de/en/4204</p> <p>For questions regarding the application process, please contact the International Students Admissions Office, e-mail: study@uni-tuebingen.de</p>

Services

Possibility of finding part-time employment	Students may find jobs as research assistants for projects of the Department of Biology or affiliated research institutes.
Accommodation	Accommodation is available through the Student Services organisation (“Studierendenwerk”) or on the private market. Rooms in student accommodation cost approx. 200 to 400 EUR per month.

As Tübingen is a very attractive place to live, private accommodation is more expensive and can take some effort to find. To make sure you find a suitable place to live, you should start looking as early as possible.

We recommend you apply for student accommodation through the “Studierendenwerk” at the same time that you apply for admission to the Master's programme (<https://www.my-stuwe.de/en/housing/halls-of-residence-tuebingen/> and <https://www.my-stuwe.de/en/housing/faqs/>) and send in a copy of your notification of admission as soon as you have received it (your application won't be finally processed before the “Studierendenwerk” has received proof of your admission). For further information, check out the “Studierendenwerk” pages on housing in Tübingen (<https://www.my-stuwe.de/en/housing/housing-infos/>).

Support for international students and doctoral candidates

- Welcome event
- Accompanying programme

General services and support for international students and doctoral candidates

The MSc CIB programme offers support and a buddy programme.

The university offers a number of “onboarding” services for newly arriving international students. This includes:

- a help desk
- an advisory programme “How to Study at the University of Tübingen”
- a wide range of social activities offered by student groups

For further information, please refer to: <https://uni-tuebingen.de/en/182071>.

A student initiative offers a buddy programme and a wide range of social activities during the orientation week and throughout the semester (www.studit-tuebingen.de/en/).

Furthermore, there is an Office for Advising and Admission of International Students (<http://www.uni-tuebingen.de/en/90787>).

University of Tübingen

Innovative, interdisciplinary, international: these three words summarise what makes the University of Tübingen special. Excellent research and teaching are Tübingen's answer to the challenges of the future in a globalised world. We maintain exchanges with partners around the globe. Networks and cooperation across faculty and subject boundaries are the pillars of our successful strategy. This is reflected in our good position in international rankings. In addition, we are one of the eleven German universities distinguished with the title of “excellent.”

The University of Tübingen has been a place of top-level research and excellent teaching for more than 500 years. Some 28,500 students from Germany and around the world are enrolled here in our more than 200 study programmes, including numerous international programmes taught entirely in English.

The University of Tübingen is a member of the European University Alliance “CIVIS – A European Civic University” (<https://civis.eu/en>), offering a wide range of special exchange opportunities for students).

University location

Tübingen...

- is in south-western Germany, about 40 kilometres south of Stuttgart.
- has some 93,000 inhabitants. The town's many students and its numerous young families make Tübingen Germany's youngest city by average age.
- is one of the most coveted places to study in Germany – both because of the excellent conditions for students and researchers, and the unique charm of the town.
- boasts a renowned historic centre with many cafés, restaurants, and shops, and outstanding cultural activities.
- is a very safe place to be, with excellent public transport.
- is well known for its eco-friendly attitudes.
- is surrounded by beautiful countryside. The Black Forest and the Swabian Jura hills are not far away and provide excellent opportunities for climbing, canoeing, hiking, biking – and skiing in winter.
