Description/content

During the internationally-recognised Bachelor's degree programme in Photography, you will research the inexhaustible depths of image design, enjoying creative freedom and discovering your own style.

You will acquire a profound understanding of the use of modern and traditional techniques of photography. You will create your own artistic projects and learn how to professionally carry out assignments in line with customers' briefs.

You will be qualified in designing image content and aesthetic effects in a conscious and targeted way, allowing you to convey emotions and visual messages.

At the campus, you will have access to the latest camera and studio technology, spacious studios and high-performing computers for digital image processing.

Skilled university lecturers will support you throughout the course of your studies – you will be encouraged and challenged.

EU/EEA applicants: Please [apply](#) by 1 April (April intake) or 1 October (October intake).

Submit application to

Please use our [online application system](#) to submit your application.

Services

Possibility of finding part-time employment

Working as a non-EU citizen: In possession of a valid German residence permit for study purposes, you are allowed to work for up to 120 full days (full day = eight hours per day) or 240 half days (half day = four hours) during the calendar year. However, freelance work is not permitted. Internships that are mandatory for the successful completion of your studies at SRH do not count towards the above-named 120 full days.

Employment that is considered "student part-time work" ("studentische Nebentätigkeit", e.g. employment as a student worker at a university or in a university-related organisation or "Werkstudent" activities at companies that are related to your studies) can be done without any time restrictions.

Accommodation

We do not own any student dormitories or hostels. However, we provide assistance in selecting accommodation prior to and after your arrival in Berlin.

Career advisory service

Our Career Service supports students and alumni in planning their careers and sharpening their professional profile. Our service portfolio includes:

- Consultation services for students
- Career trainings and workshops
- Annual "Career Day" with job fair and workshops
- Support in finding a job or an internship for graduates and students

Support for international students and doctoral candidates

- Welcome event
- Buddy programme
- Specialist counselling
- Support with registration procedures

Martin de Crignis Photography graduate

For me, studying photography was perfect. I was challenged and encouraged. In my opinion, this is exactly what is needed in design courses.

Study Photography at SRH

Are you passionate about photography and want to take your skills to the next level? Look no further! In this video, we are excited to introduce you to our Bachelor's programme in Photography.

SRH Universities

The SRH Universities

© SRH Universities

We are the SRH Universities, part of the non-profit SRH Holding based in Heidelberg.

We offer state-accredited Bachelor's, Master's, and MBA programmes in English and German. Our curricula are built around the CORE Principle, emphasising hands-on, project-based learning in five-week blocks. Our programmes focus on management and logistics, engineering and architecture, computer and data science, hospitality and therapy, design and creative industries, and music and film.

With nine campuses across Germany, we host a diverse student body from over 100 countries, contributing to our vibrant international atmosphere.

Our approach includes practical work experiences and professional networking opportunities, preparing students for successful global careers.

University location

Berlin, Germany's capital, is a hub for politics, media, science, and education. It's the country's largest city and offers a vibrant cultural scene with rich nightlife and historical sites. Berlin's dynamic start-up scene is attractive to tech and creative industries. Despite rising costs, it remains affordable compared to other Western European capitals.

Cologne is known for its relaxed culture, famous cathedral, and rich Roman history. It offers a vibrant academic and cultural scene with excellent job opportunities in media and other industries. Cologne is well-connected, making it easy to explore nearby cities.

Dresden combines a vibrant cultural scene with affordable living costs. Known for historical sights like the Zwinger and Semperoper, it offers good job prospects in microelectronics and IT. Its scenic location and rich cultural events make it an attractive city for students and young professionals.

Hamburg, Germany's second-largest city, is a major trade and logistics hub in north-western Europe. With a high standard of living and moderate costs, it offers career opportunities in IT, media, logistics, and renewable energy sectors. Famous for its harbour and nightlife, Hamburg is a city rich in water-related and cultural activities.

Hamm combines historical charm with modern innovation. It offers low living costs and affordable housing suitable for students. Home to Germany's first Bachelor's degree programme in logistics at the SRH Hamm campus, the city provides a close-knit community feel and is growing in industries like energy and logistics.

Heidelberg is known for its romantic ambiance and vibrant cultural and academic atmosphere. The city offers a picturesque landscape ideal for outdoor activities, with strong sectors in biotechnology, pharmaceuticals, and academia.

Leipzig is an economic hub with a growing population, offering career opportunities in technology, digitalisation, and life sciences. It has a vibrant music and cultural scene and remains one of Germany's more affordable major cities.

Münster is a bike-friendly university town known for its museums, theatres, and lively student community. It offers reasonable living costs and robust job opportunities in education, healthcare, and administration.

Stuttgart is a centre for technology and innovation, home to companies like Mercedes Benz and Porsche. It offers excellent educational and career prospects in engineering and sustainable technologies, supported by a vibrant cultural scene.
