Application period: 1 April until 20 September

Programme dates: October until August

Programmes start:

- 2024: 7 October 2024
- 2025: 6 October 2025

Description/content

Pre-College Fulda is a one-year **study and job preparation programme** aimed at **obtaining a direct university entrance qualification** for Fulda University of Applied Sciences. Successful participants will no longer have to attend a preparatory programme (“Studienkolleg”) but can directly apply for a Bachelor’s programme at Fulda University of Applied Sciences after completing Pre-College Fulda.

Pre-College Fulda always starts in October and consists of the following modules:

- **German intensive course** (B2 and DSH/C1), including grammar lessons, communication sessions, and individual writing consultations
- **Study preparation** through specialist/bridging courses in the chosen subject area, introduction to digital communication and academic research
- **Career preparation** through an introduction to career paths in Germany, application training, practical presentations / company visits, and a three-week orientation internship at an institution/company in the Fulda region
- **Living, studying, and working in Germany**, including intercultural training

For more information, please visit the [programme’s website](#).

Average number of participants per group/course

15

Costs / Requirements / Registration

Costs

The **participation fees** for attending Pre-College Fulda are 1,950 EUR for the entire programme. This includes the tuition and examination fees as well as the textbooks for the German lessons.

Fulda University of Applied Sciences has set itself the goal of giving as many women as men the opportunity to qualify for a degree programme or vocational training with the Pre-College preparatory year. For this reason, women can be exempted from the Pre-College participation fees in justified cases.

As a participant in the Pre-College programme, you will not be enrolled as a regular student, but as a member of Fulda University, you can visit the library and cafeteria.

You must take out private health insurance and pay for books and other study materials yourself. You will need approximately 900 EUR a month for rent, food, and other expenses.

This price includes

- Course fees
- Course fees for language course
- Accompanying programme

Academic admission requirements

To take part in the Pre-College Fulda programme, applicants must fulfil a number of **admission requirements**:

- Indirect **university entrance qualification** for Germany (= direct university entrance qualification in your home country)
- **Academic requirements** according to the **respective study programme** must be fulfilled, e.g. for Physiotherapy: proof of a six-week work placement in patient care
- **Proficiency in the German language** at a minimum level of B1 CEFR

Language requirements

At least a **B1 (CEFR)** level of **German language skills** is required. The following **language certificates** are accepted:

- Goethe-Zertifikat B1
- Deutsches Sprachdiplom der Kultusministerkonferenz Stufe 2 (DSD II)
- telc Deutsch B1 (Zertifikat Deutsch)
- ÖSD B1
- Certificates from Fulda University

Do applicants require a higher education entrance qualification recognised in Germany?

No

Do applicants have to have already been admitted to a study programme at your university?

No

Submit application to

Applications will only be accepted via uni-assist. Apply here: <https://my.uni-assist.de/>.

More information regarding the application can be found on the [programme website](#).

Services

Is accommodation organised?	The organiser helps participants look for accommodation.
Accommodation	You can choose between accommodation in a university hall of residence or a private room in a local residential student community on campus or in town. All rooms are completely furnished with a kitchen, a laundry room with a washing machine and dryer, a toilet and shower, a TV, and Internet access. Monthly costs are approx. 300 to 500 EUR. If you prefer to organise accommodation by yourself, you are free to do so. In this case, we can support you with a list of residence halls.
Meals	Directly adjacent to the campus and in town, you will find various shopping facilities. There are also supermarkets with international food, such as Turkish, Asian, or African products. On the campus, you can find a cafeteria, a food truck, and takeaway food.
Is a social and leisure programme offered?	Yes
Description of social and leisure programme	During the orientation week , we assist you in all administrative affairs that have to be dealt with (e.g. health insurance, residence permit, rental agreement, student card, registration). Our buddy programme pairs new international students with experienced German or international students. You are invited to take part in activities, such as excursions to the near and far surroundings, to get to know Germany, the city of Fulda, our university, the campus and, of course, the other students.
Free internet access	Yes
Support in visa matters	Yes
Pick-up service from train station/airport	Yes

© Fulda University of Applied Sciences

Fulda University of Applied Sciences is a practice-oriented university with an international profile and a strong focus on applied research. Fulda University is the first university of applied sciences in Germany with the independent right to confer doctoral degrees. Founded in 1974, the university currently encompasses eight departments with over 60 [study programmes](#). There are approx. 8,700 students, which includes more than 1,750 international students from more than 90 countries. The university offers a broad spectrum of academic and professional education. Numerous [research](#) and development projects are undertaken in cooperation with private business and industry. Fulda University cooperates with more than 100 universities around the world. The number of international programmes is growing continuously. These programmes are partly or entirely taught in English. At the Bachelor's level, we currently offer six international Bachelor's programmes: "Science & Engineering", "Industrial Engineering Food", "Social Sciences for Intercultural Relations", "Food Technology", "Global Health", and "International Business & Management". At the Master's level, we offer six programmes: "International Management"; "Intercultural Communication and European Studies"; "International Food Business and Consumer Studies"; "Global Software Development"; "Data Science"; and "Human Rights Studies in Politics, Law, and Society".

Further programmes designed for international students include the following:

1. [Pre-College Fulda](#), a preparatory year for applicants with and without direct higher education entrance qualification for Germany
2. [Pre-Study Fulda](#), a preparatory semester for international applicants that includes German language training
3. [International career service](#) for students and graduates
4. Preparatory intensive German courses
5. German courses
6. Support services, e.g. to find housing as well as a buddy programme
7. International Summer University ([ISU](#)), International Winter University ([IWU](#)), International Course in Business ([ICB](#)), and International Course in Social Work ([ICSW](#))

University location

A historic city founded in 744, Fulda today has a population of 70,000 with approx. 100,000 people living in the region. Fulda's Baroque quarter is one of the most beautiful in Germany and attracts visitors from all over the world. The picturesque Old Town has many cafés, bars, and pubs, with numerous shops and boutiques. The city's cultural life has something to offer for everyone. The high quality of life makes Fulda a great place to live and an ideal place to study. Fulda enjoys ideal public transport connections. One of Europe's principal international airports, Frankfurt International, is just one hour away by car or direct train. Other major cities in Germany, like Berlin, Munich, Cologne, or Hamburg, are within easy reach and only two to three hours away by train. Even famous European capitals like Paris and Brussels can be reached within five hours by train.
