Description/content	<p>Our international summer schools have a long tradition: Each year, we offer three to six-week intensive courses in German language and culture during the semester breaks. In these courses, you will learn German in small groups at four different language levels. During our lessons, you will improve your grammar, pronunciation, and vocabulary at the A1 to B2 language levels. You will also learn a lot about German culture and regional studies.</p> <p>Our courses are complemented by an extensive social and excursion programme that allows participants to get to know TU Braunschweig and the region around Braunschweig.</p> <p>We will visit regional companies and museums and explore various TU Braunschweig facilities. During excursions to Berlin and several German cities, you will get to know the history and culture of Germany better. Joint leisure activities and sufficient free time to explore on your own round off</p>

our programme.

Spring school in March 2025 (three weeks):

This programme is particularly suitable for international students who will be studying at TU Braunschweig starting in the 2025 summer semester. During the spring school, you will have the opportunity to familiarise yourself with the university campus and the city of Braunschweig. In addition, we will support you with any organisational queries regarding your daily study routine, ensuring you can start the semester in a stress-free manner.

Summer school in July/August 2025 (four or six weeks):

This programme is aimed at all students and prospective students who are interested in German language and culture. During our summer school, you will have the opportunity to gain a first impression of our university, the city of Braunschweig, and the everyday life of a student in Germany. This will allow you to decide whether you want to join our summer school for four or six weeks.

Summer school in September 2025 (four weeks):

This programme is particularly suitable for international students who will be studying at TU Braunschweig starting in the 2025/2026 winter semester. During the summer school, you will have the opportunity to familiarise yourself with the university campus and the city of Braunschweig. In addition, we will support you with any organisational queries regarding your daily study routine, ensuring you can start the semester in a stress-free manner.

My favourite aspects of the summer school programme were the relationships I developed and the experiences I shared with the people I met along the way. We had so much fun learning German together!

TU Braunschweig Summer School

At the TU Braunschweig summer school programme, students from all over the world have the chance to learn German, establish numerous new connections, & experience German culture & history first-hand.

275 Years of Experience in Teaching and Research

We extend a very warm welcome to you! We are happy that you are interested in TU Braunschweig. Our university looks back on a history of almost 300 years and thus has the longest tradition among technical universities in Germany. It is one of the nine leading technical

universities in Germany and has two clusters of excellence and around 200 international partnerships.

The main campus of TU Braunschweig is only a few minutes' walk from the historic centre of the city of Braunschweig with its many picturesque half-timbered buildings and medieval townscape.

The campus offers ideal conditions for innovative summer school courses in a traditional location.

Around 16,000 students, including around 3,200 international students, are enrolled at TU Braunschweig. Six departments and 120 institutes offer 86 degree programmes and excellent facilities for interdisciplinary research work in the fields of engineering, natural sciences, social sciences, and the humanities.

University location

Braunschweig is a lively student city situated in northern Germany. With a population of 250,000, it is big enough to feel cosmopolitan and yet small enough not to be overwhelming. As an important cultural and political centre dating back to the Middle Ages, Braunschweig retains the imprint of each period, from the medieval castle and the Gothic cathedral to modern shopping streets and leisure facilities.

Braunschweig has an international reputation as a city of research. The high density of national and international companies and scientific research institutes located in and around the city make Braunschweig the most active research and development region in all of Europe.
