Description/content

The Global E-Business programme at Hochschule Heilbronn, presented by the Faculty of Management and Sales at our Schwäbisch Hall Campus, offers a comprehensive exploration of the dynamic landscape of digital commerce and business administration. Tailored to both German and international students, this programme is conducted entirely in English, fostering a multicultural learning environment conducive to global perspectives.

Structured over a span of seven semesters, the curriculum is designed around three key pillars, each meticulously crafted to equip students with the skills and knowledge essential for success in the digital age. The initial two semesters are dedicated to General Management, laying a robust foundation in fundamental business principles and practices.

Subsequently, students delve into the intricacies of General Sales Management, where they learn to navigate the complexities of modern sales strategies and techniques. This phase is complemented by a specialised focus on Sales Management in E-Business, delving into the unique challenges and opportunities presented by the digital realm.

At the heart of the programme lies a deep exploration of digital transformation, digital business models, digital marketing, e-commerce, and e-business. Throughout the programme, students engage in case studies and industry projects, facilitated by our esteemed faculty comprising seasoned academics and industry experts. Moreover, guest lectures, workshops, and industry visits provide invaluable real-world insights, fostering a holistic learning experience.

In addition to the core curriculum, students have the opportunity to enhance their linguistic proficiency through courses in German as a Foreign Language. These courses, ranging from level A1 to level C, are integrated into the programme to support international students in acclimating to the German language and culture, further enriching their academic experience and facilitating seamless integration into the local community.

In the fourth semester, students embark on an industry internship, providing them with invaluable real-world experience and the opportunity to apply their knowledge and skills in a professional setting. This hands-on experience enhances their understanding of industry practices and fosters crucial networking opportunities.

Upon completion of the Global E-Business programme, graduates emerge as adept leaders equipped to navigate the ever-evolving landscape of digital commerce with confidence and proficiency. Whether pursuing careers in multinational corporations, start-ups, or entrepreneurial ventures, they are poised to drive impactful change and thrive in the digital economy.

Situated in Schwäbisch Hall, our campus benefits from proximity to a thriving industrial sector, offering abundant employment opportunities during and after studies. The region boasts a strong presence in various industries, including manufacturing, technology, and services, providing students with access to internships, part-time employment, and potential career paths upon graduation.

Join us at the Schwäbisch Hall Campus of Hochschule Heilbronn, and embark on a transformative journey towards becoming a visionary leader in the realm of global e-business. Unlock your potential, shape the future, and make your mark in the digital world.

— Heilbronn University of Applied Sciences —

© Hochschule Heilbronn

Heilbronn University of Applied Sciences offers study programmes in engineering, business, and informatics and is located in one of Germany's leading economic and commercial regions. It is close to metropolitan cities and cultural centres such as Stuttgart, Mannheim, and Heidelberg. Known for its commitment to teaching, learning, and research, the university has campuses located across the Neckar region in Heilbronn, Künzelsau, and Schwäbisch Hall. Heilbronn University is very well connected and linked to over 220 reputable international universities all around the world, so students can also gain intercultural experience while, at the same time, improving their language skills.

University location

The university has campuses located in Heilbronn, Künzelsau, and Schwäbisch Hall.

Heilbronn

With over 120,000 inhabitants, Heilbronn is a fascinating city and great for student life. It boasts a long and intriguing history and has evolved into an exciting, lively city with a diverse cultural scene. The city pulsates with activity, offering a large number of cafés, beer gardens, and pubs. For active students, numerous sports clubs, public parks, and the banks of the Neckar River provide ample opportunities for jogging, walking, cycling, inline skating, and more.

Künzelsau

Künzelsau is situated in a region with established hidden champions, global players, and leading companies in global markets. In this diverse landscape, you will find numerous recreational activities and cultural events.

Schwäbisch Hall

Schwäbisch Hall is a city known for its family-friendly environment, medieval flair, high quality of life and work, and an arts and culture programme with supra-regional importance. It is a hospitable and cosmopolitan city where tradition and innovation blend excellently.
