Overview

Degree	Master of Science (RWTH Aachen University)
Teaching language	<ul style="list-style-type: none">• German• English
Languages	<p>The courses in your first semester will all be taught in English.</p> <p>There will be two compulsory courses taught in German in your second semester. You will be thoroughly prepared for this by means of a German language course running throughout your programme, ensuring that you reach a good working level of German by the time you graduate.</p> <p>You will be able to choose from a wide range of electives, some taught in English and others in German.</p>
Full-time / part-time	<ul style="list-style-type: none">• full-time
Programme duration	4 semesters
Beginning	Winter semester
Application deadline	<p>Non-EU applicants (applicants who have citizenship of a country outside EU/EEA): 2 December to 1 March</p> <p>EU applicants (applicants who have citizenship of an EU/EEA country, are currently enrolled at RWTH Aachen or hold a German university degree): 2 December to 15 July</p> <p>Apply by 15 January (non-EU) / 15 April (EU) to benefit from a 10% early bird discount on the tuition fees!</p>
Tuition fees per semester in EUR	6,000 EUR
Additional information on tuition fees	24,000 EUR in total for four semesters
Combined Master's degree /	No

PhD programme

Joint degree / double degree programme No

Description/content

Gain a unique background and become an expert in man-made fibre technology and textile fabrics production!

The MSc Textile Engineering (MSc Textile) provides advanced and specialised methodological, process and technological knowledge in the field of textile mechanical engineering. In this very unique programme you will focus on the development of fibres, yarns and textiles of all kinds as well as the construction of new textile machines. Moreover, you will get excellent knowledge in immersing fields, such as textile-reinforced concrete, medical smart textiles and implants or bio-based fabrics. Become an expert in fabrics manufacturing and master spinning, weaving, knitting/warp knitting and braiding and support a sustainable production.

Your studies – your choice: choose a study track

To equip you with the specialisation you need for your individual career path, we offer two study tracks in the MSc Textile:

Coursework Track

Choosing this study track, you will prepare for a career in the industry by:

- acquiring industry-specific knowledge and methods
- gaining specialised knowledge of the practical application of textile technology
- having a critical understanding about current developments in fibre technology

Research Track

Choosing this study track, you will complete two research projects and:

- perform complex experimental methods
- conduct your own empirical research on interdisciplinary questions
- acquire scientific methodological skills and learn independent scientific working

Course Details

Course organisation

The MSc Textile consists of:

- engineering compulsories
- track-specific elective courses
- language courses
- an internship
- a research project, which prepares you for your Master's thesis and allows you to participate in current research at RWTH
- the Master's thesis, which can be written internally with an institute or externally with a company

Get a detailed overview of the programme structure on our [MSc Textile website](#).

A Diploma supplement will be issued

Yes

International elements

- Language training provided

- Projects with partners in Germany and abroad
- Integrated/optional study abroad unit(s)
- Opportunities for students to work abroad
- Specialist literature in other languages
- International comparisons and thematic reference to the international context

Integrated/optional study abroad unit(s)	The programme takes place in Aachen (Germany). The study-integrated elective industrial internship and/or the Master's thesis can be completed in other countries.
Integrated internships	A compulsory industrial internship of 12 weeks is part of the MSc Textile and gives you the opportunity to gain further practical experience in the industry.
Course-specific, integrated German language courses	No
Course-specific, integrated English language courses	No

Costs / Funding

Tuition fees per semester in EUR	6,000 EUR
Additional information on tuition fees	24,000 EUR in total for four semesters
Semester contribution	The RWTH Aachen University's semester fee of approx. 300 EUR is a student body and social contribution fee that every student must pay each semester in order to stay enrolled as an active student. It includes, among other benefits, a "semester ticket" covering public transport in the federal state of North Rhine-Westphalia in Germany as well as the region of South Limburg in the Netherlands.
Costs of living	The average cost of living, including food, accommodation, personal and social expenses, and study-related costs, is estimated to be at least 900 to 1,000 EUR per month.
Funding opportunities within the university	Yes
Description of the above-mentioned funding opportunities within the university	<p>Women in Engineering Scholarship: This scholarship was created to support qualified female engineering students. The scholarship grants a reduction of up to 25% of the tuition fees.</p> <p>High Potential Student Grant: This scholarship was created to support highly qualified students. The scholarship grants a reduction of up to 25% of the tuition fees.</p> <p>Global Talent Scholarship: This scholarship was created to support promising students from Egypt/Indonesia/Iran/Nigeria/Turkey. The scholarship grants a reduction of 35% of the tuition fees.</p> <p>Outstanding Performance Award: This scholarship honours students who have successfully completed our German Engineering College. Their remarkable performance will be rewarded with a reduction of up to 50% of the tuition fees.</p>

Requirements / Registration

Academic admission requirements

Please see our website for detailed information on the admission requirements for the [MSc Textile](#):

- Bachelor of Engineering, Bachelor of Technology or Bachelor of Science in mechanical engineering or a related discipline
- Relevant work experience of six months by the time of application
- GRE General Test (Verbal Reasoning: 145 points | Quantitative Reasoning: 160 points | Analytical Writing: 3 points) **or** proof of completion of [German Engineering College](#)
- Fundamental knowledge in engineering

Language requirements

If you would like to attend an English-taught Master's degree programme, you must be fluent in English (oral and written) in order to understand lectures, textbooks and manuals and to participate in lab projects, industrial internships and examinations.

One of the following certificates must be submitted **at the time of enrolment** (not at the time of application):

- TOEFL Internet-based: minimum of 90 points
- IELTS test: minimum overall band 6.0 points
- Cambridge Test – Certificate in Advanced English (CAE)
- First Certificate in English (FCE), completed with B
- Placement test of RWTH Aachen University's Language Centre (B2 – only available for students already enrolled at RWTH Aachen University)

All applicants who have a school leaving qualification or first degree in English that was issued by an institution in the United Kingdom, Ireland, Australia, New Zealand, Canada, or the US are exempt from the English language certificate requirement. Please note that having German citizenship or citizenship of an English-speaking country, even those listed above, does not in and of itself exempt you from the respective language certificate requirement.

Application deadline

Non-EU applicants (applicants who have citizenship of a country outside EU/EEA):
2 December to 1 March

EU applicants (applicants who have citizenship of an EU/EEA country, are currently enrolled at RWTH Aachen or hold a German university degree):
2 December to 15 July

Apply by 15 January (non-EU) / 15 April (EU) to benefit from a 10% early bird discount on the tuition fees!

Submit application to

Please use [the official online application portal of RWTH Aachen University](#) and submit your electronic application.

Services

Possibility of finding part-time employment

Generally, students enrolled at RWTH Aachen University have the opportunity to find a job on campus and work up to 19 hours per week. This also allows students to become more familiar with the university institutes and to take part in projects related to their field of study. The maximum working limit for off-campus work is 120 full days / 240 half days per year for non-EU students.

Accommodation

Aachen is a vibrant university city with several hundred new students arriving each semester. The

housing market is quite tough as a result, especially during the months of March/April and September/October. Finding suitable and affordable accommodation can be time consuming and challenging.

Therefore, we as RWTH International Academy offer our own accommodation in two apartment buildings in the city centre to students of our Master's degree programmes. Benefit from exclusive prices and in-house services, whether you only need short-term accommodation before moving into your own apartment, or you are looking for a new home for the duration of your studies. Visit our [housing website](#) for more information.

Career advisory service

Our Career Service is an integral part of our student success management. It is designed to empower you to proactively drive your career forward from the first day of your studies. You will have seamless access to a valuable and comprehensive career programme matching your studies. Experience extensive career services and mutually beneficial connections to employers, research facilities and institutes at RWTH Aachen University throughout the academic year. As alumni of RWTH Aachen University, we will support you in achieving your career goals and lifelong success by providing innovative further education programmes and networking events.

Benefit from:

- career programme
- advice and coaching
- professional collaborations and partnerships
- career platform

Support for international students and doctoral candidates

- Welcome event
- Specialist counselling
- Cultural and linguistic preparation
- Visa matters
- Help with finding accommodation
- Tutors
- Accompanying programme
- Support with registration procedures

General services and support for international students and doctoral candidates

We look forward to welcoming students of all nationalities! For students from [China](#), [India](#) and [Latin America](#), we provide exclusive access, special support and individual consultation through our Academy Offices on site.

Master's programme in Textile Engineering at RWTH International Academy

Are you interested in being involved in innovative production technologies in health monitoring, geotextiles, and wind energy or even the design of novel high performance fibres, such as airbags, for the automotive and aviation industry? In this MSc programme, you will explore the latest developments in textile technology in a wide range of subjects.

RWTH Aachen University

RWTH Aachen University

© RWTH International Academy

With 260 institutes, nine faculties and three Clusters of Excellence, RWTH Aachen University is one of Europe's leading institutions for science and research. Currently, more than 47,000 students are enrolled in 170 courses of study. Of these students, more than 13,000 are international students. RWTH Aachen is well-known for its state-of-the-art education that tackles some of the world's most pressing global challenges. Our graduates are highly sought after by businesses and industry as trainees and for executive positions.

As the official academy for education of RWTH Aachen University, RWTH International Academy is tasked with promoting and developing the integration of professional and academic education. Our goal is to make knowledge accessible to international participants through application-oriented educational formats and programmes, thus making a lasting contribution to lifelong learning.

[More about RWTH International Academy](#)

University location

The student city of Aachen is a vibrant and historic place located at the border triangle of Germany, Belgium and the Netherlands. Aachen was a favoured residence of Charlemagne. After the departure of the Romans from this region, Charlemagne finally managed to forge the lion's share of Europe into something that resembled an administrative unity, with Aachen as the beating heart of the empire. The "Rathaus" (city hall) and "Dom" (cathedral) bear witness to this earliest Carolingian building history. During your time in Aachen, you will have the opportunity to discover the city, its history and its most important sights. Moreover, you will experience student life at one of Europe's leading technical universities and become part of the international student community. There is no better place to encounter European culture while challenging yourself in our programmes.
