Calculation example for a student's stay in Germany from 12 August to 3 December:

(the amount of a monthly scholarship for foreign students in Germany: 992 euros; daily rate: 992 / 30 = 33 euros)

[1] If the rates are awarded as part of a scholarship after selection and on the basis of a scholarship agreement, this is referred to as a (lump-sum) residence scholarship; otherwise, it is referred to as a residence allowance.
