Welcome to the DAAD!

You'd like to study, carry out research or learn German in Germany and are looking for funding? Then look no further!

Every year, the German Academic Exchange Service (DAAD) supports well over 100,000 German and international students and researchers around the globe – making it the world's largest funding organisation of its kind.

- › You would like to have access to the best study and research opportunities in Germany?
- › Your goal is to develop or extend your international network of academic contacts?
- › Assuming global responsibility is a matter of importance to you?
- › You would eventually like to contribute towards the development of your home country with your expertise and networks?

If so, we invite you to apply to DAAD with your planned project.

Our scholarships for international advanced students, doctoral candidates and postdocs are awarded for study and research visits to universities and non-university research institutes in Germany.

This overview provides you with information about DAAD's most important scholarship programmes which are offered in numerous countries throughout the world. You can find out which of these programmes is available for a certain country in our **scholarship database** www.funding-guide.de. The current calls for applications, application deadlines and persons to contact at DAAD are included here.

We look forward to receiving your application!
