

DAAD-Programme “Subject-Related Partnerships with Institutions of higher education in Developing Countries” 2017**Project profile****Project title:**

Development and Implementation of a Master’s Programme ‘Competence-based Higher Education’

Name of the German higher education institution(s):

University of Vechta

Institute / department / subject area:

Department of Education, Area: Higher Education Development

Partner higher education institution	Country
Universidad Técnica del Norte	Ecuador
Universidad de Antioquia	Colombia

Brief description / project targets (max. 500 characters):

The aim of the project is the implementation of a postgraduate master's program at the Universidad Técnica del Norte (Ecuador) and the Universidad de Antioquia (Colombia), in which university teachers can develop their didactic and methodological abilities to carry out competence-based teaching. The master's program will be developed jointly by researchers from the University of Vechta together with colleagues from the partner universities.
